Special Local Regulations; Charlevoix Venetian Night Boat Parade

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the special local regulation for the Charlevoix Venetian Night Boat Parade to increase the length of effective period of the existing special local regulation to allow the Patrol Commander additional time to clear vessels from transiting or anchoring in the regulated area. In order for the Coast Guard to clear vessel traffic to ensure safety in sufficient time in advance of the event, the Coast Guard changes the effective period broadly to “a date in late July.”

DATES: This rule is effective July 22, 2019.

II. Background Information and Regulatory History

The Charlevoix Venetian Night Boat Parade Charlevoix, MI event features a parade on the perimeter of Round Lake with a low fireworks show in the middle of the lake. In order to ensure safety in sufficient time of the event the Coast Guard Patrol Commander clears any vessel traffic and any vessels anchored in Round Lake from the fireworks fallout zone and the parade route. Prior to this regulation change, the effective time and date did not allow adequate time for the Patrol Commander to ensure the safety of any anchored vessels in the regulated area. The Coast Guard Patrol Commander needed additional time to contact vessel owners to relocate their vessels out of the affected area.

In response, on April 1, 2019, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Special Local Regulations; Charlevoix Venetian Night Boat Parade (84 FR 12178). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this marine event. During the comment period that ended July 1, 2019, we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to public interest because timely action is needed to ensure the safety of vessels transiting and anchoring inside the regulated area from the fireworks fallout zone and parade route.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70041; 33 CFR 1.05–1. The Captain of the Sault

Sainte Marie (COTP) has determined that potential hazards associated with the fireworks and the congestion caused by the parade route in the late July Charlevoix Venetian Night Boat Parade will be a safety concern for event participants and spectators. The purpose of this rule is to ensure safety of vessels and the navigable waters in the regulated area before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM April 1, 2019. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule change provides additional time for the Patrol Commander to clear vessels from transiting or anchoring within the regulated area for the Charlevoix Venetian Night Boat Parade. The duration of the special local regulation is intended to ensure the safety of vessels and these navigable waters before, during, and after the late July Charlevoix Venetian Night Boat Parade.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day for the regulated area. Vessel traffic will be able to safely transit through the regulated area, which will impact a small designated area within the COTP zone for a short duration of time, with permission from the Patrol Commander. Moreover, the Coast Guard will issue Broadcast Notice
