

review not only the trading activity on behalf of Customers, but also the ATP Holder's relationship with its Customers via more labor-intensive exam-based programs. As a result, the costs associated with administering the customer component of the Exchange's overall regulatory program are materially higher than the costs associated with administering the non-customer component (e.g., ATP Holder proprietary transactions) of its regulatory program. Thus, the Exchange believes the modified ORF is not unfairly discriminatory because it is charged to all ATP Holders on all their transactions that clear in the Customer range at the OCC.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Intramarket Competition. The Exchange believes the proposed fee change would not impose an undue burden on competition as it is charged to all ATP Holders on all their transactions that clear in the Customer range at the OCC; thus, the amount of ORF imposed is based on the amount of Customer volume transacted. The Exchange believes that the proposed ORF would not place certain market participants at an unfair disadvantage because all options transactions must clear via a clearing firm. Such clearing firms can then choose to pass through all, a portion, or none of the cost of the ORF to its customers, i.e., the entering firms. In addition, because the ORF is collected from ATP Holder clearing firms by the OCC on behalf of NYSE American, the Exchange believes that using options transactions in the Customer range serves as a proxy for how to apportion regulatory costs among such ATP Holders.

Intermarket Competition. The proposed fee change is not designed to address any competitive issues. Rather, the proposed change is designed to help the Exchange adequately fund its regulatory activities while seeking to ensure that total regulatory revenues do not exceed total regulatory costs.

Finally, the Exchange does not believe that the proposed deletion of obsolete references to Mini Options would impose any burden on competition that is not necessary or appropriate in

furtherance of the purposes of the Act as these changes are not intended to address any competitive issues and would instead add more specificity, clarity and transparency regarding this functionality.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A) ¹⁹ of the Act and subparagraph (f)(2) of Rule 19b-4 ²⁰ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) ²¹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Rule 12d3-1

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities

and Exchange Commission (the “Commission”) is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing collections of information to the Office of Management and Budget (“OMB”) for extension and approval.

Section 12(d)(3) of the Investment Company Act of 1940 (15 U.S.C. 80a) generally prohibits registered investment companies (“funds”), and companies controlled by funds, from purchasing securities issued by a registered investment adviser, broker, dealer, or underwriter (“securities-related businesses”). Rule 12d3–1 (“Exemption of acquisitions of securities issued by persons engaged in securities related businesses” (17 CFR 270.12d3–1)) permits a fund to invest up to five percent of its assets in securities of an issuer deriving more than fifteen percent of its gross revenues from securities-related businesses, but a fund may not rely on rule 12d3–1 to acquire securities of its own investment adviser or any affiliated person of its own investment adviser.

A fund may, however, rely on an exemption in rule 12d3–1 to acquire securities issued by its subadviser in circumstances in which the subadviser would have little ability to take advantage of the fund, because it is not in a position to direct the fund’s securities purchases. The exemption in rule 12d3–1(c)(3) is available if (i) the subadviser is not, and is not an affiliated person of, an investment adviser that provides advice with respect to the portion of the fund that is acquiring the securities, and (ii) the advisory contracts of the subadviser, and any subadviser that is advising the purchasing portion of the fund, prohibit them from consulting with each other concerning securities transactions of the fund, and limit their responsibility in providing advice to providing advice with respect to discrete portions of the fund’s portfolio.

Based on an analysis of fund filings, the staff estimates that approximately 216 fund portfolios enter into subadvisory agreements each year.¹ Based on discussions with industry representatives, the staff estimates that it will require approximately 3 attorney hours to draft and execute additional clauses in new subadvisory contracts in order for funds and subadvisers to be

able to rely on the exemptions in rule 12d3–1. Because these additional clauses are identical to the clauses that a fund would need to insert in their subadvisory contracts to rely on rules 10f–3, 17a–10, and 17e–1 and because we believe that funds that use one such rule generally use all of these rules, we apportion this 3 hour time burden equally to all four rules. Therefore, we estimate that the burden allocated to rule 12d3–1 for this contract change would be 0.75 hours.² Assuming that all 216 funds that enter into new subadvisory contracts each year make the modification to their contract required by the rule, we estimate that the rule’s contract modification requirement will result in 162 burden hours annually.³

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Charles Riddle, Acting Director/Chief Information Officer, Securities and Exchange Commission, C/O Candace Kenner, 100 F Street NE, Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–86390; File No. SR–NYSEArca–2019–49]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the NYSE Arca Options Fee Schedule by Revising the Options Regulatory Fee

July 16, 2019.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on July 2, 2019, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Options Fee Schedule (“Fee Schedule”) by revising the Options Regulatory Fee (“ORF”), effective August 1, 2019. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

¹ Based on data from Morningstar Direct, as of December 31, 2018, there are 12,459 registered funds (open-end funds, closed-end funds, and exchange-traded funds), 4,615 of which have subadvisory relationships (approximately 37%). 583 new funds were established in 2018. 583 new funds \times 37% = 216 funds.

² This estimate is based on the following calculation (3 hours \div 4 rules = .75 hours).

³ This estimate is based on the following calculation: (0.75 hours \times 216 portfolios = 162 burden hours).
