

Notices

Federal Register

Vol. 84, No. 150

Monday, August 5, 2019

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

July 30, 2019.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by September 4, 2019 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW, Washington, DC 20503. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control

number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: SF-299: Application for Transportation, Utility Systems, Telecommunication and Facilities on Federal Lands and Property.

OMB Control Number: 0596-NEW.

Summary of Collection: This information collection is used by the Forest Service to evaluate and ensure that authorized uses of National Forest System (NFS) lands are in the public interest and are compatible with the agency's mission. The information helps the agency identify environmental and social impacts of special uses for purposes of compliance with the National Environmental Policy Act (NEPA) and program administration. In addition, the agency uses the information to ascertain whether the land use fee being charged for special use authorizations is based on market value. The information is collected through application forms and terms and conditions in special use authorizations and operating plans. Ongoing uses must be monitored to ensure compliance with the terms of the corresponding authorizations. In certain situations, information from the authorization holder is the only way the Forest Service can verify compliance with the terms of an authorization.

Need and Use of the Information: The information collected is used to issue permits and leases, enforce compliance with agreements, and reports are generated to ensure fees are paid (Such as Recreation Residence Cabins) & to monitor growth of the Special Use Program, this helps with budget forecasting & program development.

Description of Respondents: Individuals or households.

Number of Respondents: 5,150.

Frequency of Responses: On occasion.

Total Burden Hours: 41,200.

Kimble Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2019-0046]

Notice of Request for a Revision to and Extension of Approval of an Information Collection; Tuberculosis

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Revision to and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection associated with the bovine and captive cervid tuberculosis regulations.

DATES: We will consider all comments that we receive on or before October 4, 2019.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2019-0046>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2019-0046, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2019-0046> or in our reading room, which is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 7997039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the domestic tuberculosis program, contact Dr. C. William Hench, Ruminant Health Center, Staff Veterinarian, Strategy and Policy, Veterinary Services, APHIS, 2150 Centre Avenue, Fort Collins, CO 80526-8117; (970) 494-7378. For more detailed information on the information collection, contact Ms. Kimberly Hardy,

APHIS' Information Collection Coordinator, at (301) 851-2483.

SUPPLEMENTARY INFORMATION:

Title: Tuberculosis.

OMB Control Number: 0579-0146.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to prohibit or restrict the interstate movement of animals and animal products to prevent the dissemination within the United States of animal diseases and pests, and for conducting programs to detect, control, and eradicate pests and diseases of livestock. As part of this mission, APHIS participates in a national cooperative State/Federal tuberculosis eradication program to eliminate bovine tuberculosis in cattle, bison, and captive cervids from the United States. This program is conducted under various States' authorities supplemented by Federal authorities regulating the interstate movement of affected animals.

The tuberculosis regulations contained in 9 CFR part 77 provide for several levels of State tuberculosis risk classifications, the creation of tuberculosis risk status zones within the same State, and the testing of regulated animals before they are permitted to move interstate. The requirements for establishing zones and testing regulated animals enhance the effectiveness of APHIS' tuberculosis eradication program by decreasing the likelihood that infected animals will be moved interstate or internationally, thus preventing the spread of tuberculosis. The requirements also provide mechanisms to help APHIS' Veterinary Services trace, locate, and eradicate regulated animals when outbreaks occur.

These regulations include information collection activities such as memoranda of understanding for zone recognition; epidemiological reviews; permits for movement of restricted animals; certificates for animals moved interstate; retention of movement certificates; tuberculosis management plans; accredited herd plans; approved herd plans; test records and results; affected herd data and herd testing results; wildlife risk surveys; monthly reports of tuberculosis eradication; reports of tuberculosis lesions; specimen submissions and collections; submissions by States of requests to APHIS for State or zone status; submissions by States of an annual

report to APHIS for renewal of State or zone status; commuter herd agreements; depopulation and repopulation agreements; extension requests; tuberculosis infected herd field reports; investigations for evidence of tuberculosis; appraisals and indemnity claims; records of proceeds from animals sold to slaughter; owner participation in new tuberculosis tests; recordkeeping for approved feedlots; and application of shipping labels. These activities enhance the APHIS' ability to allow U.S. animal producers to manage bovine and captive cervid tuberculosis and compete in the world market of animal and animal product trade.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.31 hours per response.

Respondents: State animal health officials, producers and owners (including feedlot owners), accredited veterinarians, professional appraisers, and laboratory technicians.

Estimated annual number of respondents: 4,914.

Estimated annual number of responses per respondent: 18.

Estimated annual number of responses: 89,325.

Estimated total annual burden on respondents: 27,830 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 30th day of July 2019.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-48-2019]

Foreign-Trade Zone (FTZ) 29— Louisville, Kentucky; Notification of Proposed Production Activity; Amcor Flexibles L.L.C. (Flexible Packaging), Shelbyville, Kentucky

Amcor Flexibles L.L.C. (Amcor) submitted a notification of proposed production activity to the FTZ Board for its facility in Shelbyville, Kentucky. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on July 29, 2019.

Amcor already has authority to produce flexible packaging within FTZ 29. The current request would add one finished product and one foreign status material/component to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material/component and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Amcor from customs duty payments on the foreign-status material/component used in export production. On its domestic sales, for the foreign-status material/component noted below and in the existing scope of authority, Amcor would be able to choose the duty rates during customs entry procedures that apply to finished die cut lids (duty rate 2.6%). Amcor would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is laminated aluminum foil (duty rate 3.0%). The request indicates that the material/component is subject to special duties under Section 232 of the Trade Expansion Act of 1962 (Section 232). The applicable Section
