This rulemaking prohibits persons and vessels from being in the designated region unless authorized by the Captain of the Port Duluth or a designated representative.

§ Section  
U.S.C. United States Code

##### II. Background Information and Regulatory History

On December 11, 2018 Draw Events LLC notified the Coast Guard that it will be conducting a Festival of Sail event in Duluth, MN from August 11 through August 13, 2019. The Coast Guard published a Notice of Proposed Rulemaking (NPRM) in the **Federal Register** on May 8, 2019. A public comment period was held from May 8, 2019 to July 7, 2019 with no comments received. A Supplemental Notice of Proposed Rulemaking (SNPRM) was submitted to the **Federal Register** with a comment period held from July 3, 2019 to July 17, 2019, extending the Special Local Regulation through the duration of the event. During the comment period we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because action is needed during the Festival of Sail to respond to the potential safety hazards associated with increased vessel traffic within Superior Harbor.

##### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Duluth (COTP) has determined that potential hazards associated with increased traffic during the Festival of Sail starting at 7 a.m. on August 11, 2019 will be a safety concern for anyone the designated area. The likely combination of recreational vessels, paddling craft, and Tall Ships present an unacceptable risk of collisions which could result in serious injuries or fatalities. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the special local regulation during the event.

##### IV. Discussion of Comments, Changes, and the Rule

No comments were received on the SNPRM published July 3, 2019. There are no changes in the regulatory text of this rule from the proposed rule in the SNPRM.

This rule establishes a Special Local Regulation from 7 a.m. on August 11, 2019 through 5 p.m. on August 13, 2019. The duration of the zone is intended to protect the safety of vessels and these navigable waters before, during, and immediately after the scheduled Festival of Sail. Only the designated Tall Ships associated with the event are permitted within the zone while it is being enforced. No other vessels or persons will be permitted to enter the zone without obtaining permission from the COTP or a designated representative during the enforcement period. The COTP or a designated representative may be contacted via VHF Channel 16 or by telephone at (218) 428–9357. The regulatory text appears at the end of this document.

##### V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protestors.

###### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the availability of the Superior Harbor entrance as an alternate entry into Superior Bay, the short time frame of the special local regulation, and the estimated number of spectator vessels around the Duluth Harbor entrance for the event. We anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients,

and will not raise any novel legal or policy issues. The Coast Guard will issue a Broadcast Notice to Mariners via VHF-FM marine Channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

#### *B. Impact on Small Entities*

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the restricted area may be small entities, for the reasons stated in section V.A above, this rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of federal employees who enforce, or otherwise determine compliance with, federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against

small entities that question or complain about this rule or any policy or action of the Coast Guard.

#### *C. Collection of Information*

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

#### *D. Federalism and Indian Tribal Governments*

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

#### *E. Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a state, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### *F. Environment*

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human

environment. This rule involves a special local regulation lasting 3 days that would prohibit entry within a designated area around the Duluth Harbor entrance. Normally such actions are categorically excluded from further review under paragraph L[61] in Table 3–1 of U.S. Coast Guard Environmental Planning Implementing Procedures.

#### *G. Protest Activities*

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for certain navigable waters of the Manitowoc River and Manitowoc Harbor in Manitowoc, WI during the Balloon Glow Fireworks event. This temporary safety zone is necessary to protect spectators, mariners, vessels, and property from potential hazards associated with a fireworks display. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector Lake Michigan.

##### **I. Table of Abbreviations**

CFR Code of Federal Regulations  
DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

##### **II. Background Information and Regulatory History**

The Coast Guard is issuing this temporary rule without prior notice and

opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard did not receive the final details of this fireworks display in sufficient time to publish an NPRM. Delaying the effective date of this rule to wait for a comment period to run would be both impracticable and contrary to the public interest because it would inhibit the Coast Guard's ability to protect the public, mariners, vessels, and property from the hazards associated with this event which is scheduled on August 16, 2019.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with a fireworks display scheduled for August 16, 2019.

##### **III. Legal Authority and Need for Rule**

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Lake Michigan has determined that potential hazards associated with a fireworks display on August 16, 2019, will be a safety concern for anyone within a 500-foot radius of a vessel used to launch fireworks near the mouth of the Manitowoc River in Manitowoc, WI at coordinates 44°05'31" N, 087°39'07" W. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone during the fireworks display.

##### **IV. Discussion of the Rule**

This rule establishes a safety zone from 8:30 p.m. through 10 p.m. on August 16, 2019 for navigable waters of the Manitowoc River and Manitowoc Harbor of Lake Michigan in Manitowoc, WI within 500 feet of a vessel used to launch fireworks at coordinates 44°05'31" N, 087°39'07" W. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters from falling embers and fireworks debris during the fireworks
