

qualified to review the substantive content of the products and services.

- **Program Performance Measure #2:** The percentage of Special Education Technical Assistance and Dissemination products and services deemed by an independent review panel of qualified experts to be of high relevance to educational and early intervention policy or practice.

- **Program Performance Measure #3:** The percentage of all Special Education Technical Assistance and Dissemination products and services deemed by an independent review panel of qualified experts to be useful in improving educational or early intervention policy or practice.

- **Program Performance Measure #4:** The cost efficiency of the Technical Assistance and Dissemination Program includes the percentage of milestones achieved in the current annual performance report period and the percentage of funds spent during the current fiscal year.

- **Long-term Program Performance Measure:** The percentage of States receiving Special Education Technical Assistance and Dissemination services regarding scientifically or evidence-based practices for infants, toddlers, children, and youth with disabilities that successfully promote the implementation of those practices in school districts and service agencies.

The measures apply to projects funded under this competition, and grantees are required to submit data on these measures as directed by OSEP.

Grantees will be required to report information on their project's performance in annual and final performance reports to the Department (34 CFR 75.590).

The Department will also closely monitor the extent to which the products and services provided by the Center meet needs identified by stakeholders and may require the Center to report on such alignment in their annual and final performance reports.

6. **Continuation Awards:** In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved

application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Other Information

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotope, or compact disc) by contacting the Management Support Services Team, U.S. Department of Education, 400 Maryland Avenue SW, Room 5081A, Potomac Center Plaza, Washington, DC 20202-5076. Telephone: (202) 245-7363. If you use a TDD or a TTY, call the FRS, toll free, at 1-800-877-8339.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Dated: August 6, 2019.

Laurie VanderPloeg,

Director, Office of Special Education Programs.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Fusion Energy Sciences Advisory Committee

AGENCY: Office of Science, Department of Energy.

ACTION: Notice of renewal.

SUMMARY: Pursuant to the Federal Advisory Committee Act, and in accordance with Title 41 of the Code of Federal Regulations, and following consultation with the Committee Management Secretariat, General Services Administration, notice is hereby given that the Fusion Energy

Sciences Advisory Committee has been renewed for a two-year period.

The Committee will provide advice to the Office of Science (DOE), on long-range plans, priorities, and strategies for advancing plasma science, fusion science and fusion technology—the knowledge base needed for an economically and environmentally attractive fusion energy source. The Secretary of Energy has determined that the renewal of the Fusion Energy Sciences Advisory Committee is essential to the conduct of the Department's business and in the public interest in connection with the performance of duties imposed upon the Department of Energy by law. The Committee will continue to operate in accordance with the provisions of the Federal Advisory Committee Act, the Department of Energy Organization Act (Pub. L. 95-91), the General Services Administration Final Rule on Federal Advisory Committee Management, and other directives and instruction issued in the implementation of those Acts.

FOR FURTHER INFORMATION CONTACT:

Samuel J. Barish at (301) 903-2917 or email: sam.barish@science.doe.gov.

Signed in Washington, DC on August 2, 2019.

Rachael J. Beitler,

Acting Committee Management Officer.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Notice of Request for Information (RFI) on Planning and Operation Models and Data Analytics for Solar Grid Integration

AGENCY: Solar Energy Technologies Office, Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Request for information.

SUMMARY: The U.S. Department of Energy Solar Energy Technologies Office (SETO) is issuing this request for information (RFI) to solicit feedback from industry, academia, research laboratories, government agencies, and other stakeholders. This RFI will inform SETO's strategic planning on research related to the integration of distributed solar energy resources. Specifically, this RFI will inform strategies relating to the modeling, monitoring, predicting, and controlling of solar photovoltaic (PV) systems. As the penetration of solar PV on the grid grows, these strategies will become more important as grid operators consider how solar adoption

impacts grid planning and operations technologies.

DATES: Responses to the RFI must be received no later than 12 p.m. (ET) on August 30, 2019.

ADDRESSES: Interested parties are to submit comments electronically to SETO.RFI.SI@ee.doe.gov. Responses to this RFI must be submitted electronically and provided as attachments to an email. It is recommended that attachments with file sizes exceeding 25MB be compressed (i.e., zipped) to ensure message delivery. Responses must be provided as a Microsoft Word (.docx) attachment to the email and have 12 point font and 1 inch margins. Only electronic responses will be accepted.

Please identify answers by responding to a specific question or topic if applicable. Respondents may answer as many or as few questions as desired at their discretion. The complete RFI document DE-FOA-0002157 is located at <https://eere-exchange.energy.gov/>.

FOR FURTHER INFORMATION CONTACT: Questions may be addressed to Mr. Kemal Celik, (510) 316-6513 or SETO.RFI.SI@ee.doe.gov. Further instructions can be found in the RFI document DE-FOA-0002157 posted on EERE Exchange.

SUPPLEMENTARY INFORMATION: SETO is seeking feedback from industry, academia, research laboratories, government agencies, and other stakeholders. The main focus is enabling high penetration of distributed behind-the-meter (BTM) and small-scale solar generation and decrease its curtailment through better data acquisition and its numerical analysis. Responders are welcome to answer all or subsets of the questions. The RFI DE-FOA-0002157 is available at: <https://eere-exchange.energy.gov/>.

Confidential Business Information

Pursuant to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email two well marked copies: One copy of the document marked "confidential" including all the information believed to be confidential, and one copy of the document marked "non-confidential" with the information believed to be confidential deleted. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

Factors of interest to DOE when evaluating requests to treat submitted information as confidential include: (1)

A description of the items, (2) whether and why such items are customarily treated as confidential within the industry, (3) whether the information is generally known by or available from other sources, (4) whether the information has previously been made available to others without obligation concerning its confidentiality, (5) an explanation of the competitive injury to the submitting person that would result from public disclosure, (6) when such information might lose its confidential character due to the passage of time, and (7) why disclosure of the information would be contrary to the public interest.

Signed in Washington, DC on August 1, 2019.

Charles Gay,

Director, Solar Energy Technologies Office.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP19-491-000, PF17-10-000]

National Fuel Gas Supply Corporation; Notice of Application

Take notice that on July 18, 2019, National Fuel Gas Supply Corporation (National Fuel), 6363 Main Street, Williamsville, New York 14221, filed an application in Docket No. CP19-491-000 pursuant to Sections 7(b) and 7(c) of the Natural Gas Act and Part 157 of the Commission's Regulations, for a Certificate of Public Convenience and Necessity to construct and operate its FM100 Project. The FM100 Project would modernize a portion of National Fuel's existing pipeline system and create 330,000 dekatherms per day of additional transportation capacity, all as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, National Fuel seeks authorization for the: (1) Construction of about 29.5 miles of new 20-inch-diameter pipeline (Line YM58) in McKean and Potter Counties, Pennsylvania; (2) construction of about 1.4 miles of 24-inch-diameter pipeline loop (Line YM224 Loop) in Potter

County, Pennsylvania; (3) construction of about 0.4 miles of 12-inch-diameter pipeline (Line KL Extension) in McKean County, Pennsylvania; (4) construction of the new Marvindale Compressor Station (up to 15,165 horsepower) in McKean County, Pennsylvania; (5) construction of the new Tamarack Compressor Station (up to 22,220 hp) in Clinton County, Pennsylvania; (6) modification of the existing Leidy M&R Station in Leidy Township, Clinton County, Pennsylvania; (7) abandonment in place of about 44.9 miles of 12-inch-diameter pipeline (Line FM100) and appurtenances in Clearfield, Elk, Cameron and Potter Counties, Pennsylvania; (8) abandonment by removal of the existing Costello Compression Station in Potter County, Pennsylvania; (9) abandonment by removal of the existing Station WHP-MS-4317X in Potter County, Pennsylvania; (10) construction of the Marvindale Interconnect in McKean County, Pennsylvania; (11) construction of the Carpenter Hollow overpressurization protection station in Potter County, Pennsylvania; and (12) construction of associated facilities, such as mainline valves and other appurtenant facilities. The estimated cost of the Project is \$279 million.

The additional transportation capacity created by the FM100 Project is fully subscribed to Transcontinental Gas Pipeline Company, LLC (Transco) under a proposed capacity lease which would provide gas supply from production areas of Pennsylvania to Transco's Leidy South Project. Transco will be filing a companion application for its Leidy South Project.

Any questions regarding this application should be directed to Jeffrey Same, Attorney for National Fuel, 6363 Main Street, Williamsville, New York 14221, by telephone at (716) 857-7507, by fax at (716) 857-7206, or by emailing samej@natfuel.com; or Meghan Corcoran, Senior Attorney, National Fuel Gas Supply Corporation, 6363 Main Street, Williamsville, New York 14221-5887, by telephone at (716) 857-7064, by fax at (716) 857-7206, or by email at corcoranm@natfuel.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final
