SUPPLEMENTARY INFORMATION: *Title of Collection:* 0917–0030, IHS Forms to Implement the Privacy Rule (45 CFR parts 160 & 164). *Type of Information*

Collection Request: Extension of the currently approved information collection, 0917–0030, IHS Forms to Implement the Privacy Rule (45 CFR parts 160 & 164). *Form(s):* IHS–810, IHS–912–1, IHS–912–2, IHS–913, and IHS–917. *Need and Use of Information Collection:* This collection of information is made necessary by the Department of Health and Human Services Rule entitled “Standards for Privacy of Individually Identifiable Health Information” (Privacy Rule) (45 CFR parts 160 and 164). The Privacy Rule implements the privacy requirements of the Administrative Simplification subtitle of the Health Insurance Portability and Accountability Act of 1996, creates national standards to protect individual’s personal health information, and gives patients increased access to their medical records. 45 CFR 164.508, 164.522, 164.526 and 164.528 of the Rule require the collection of information to implement these protection standards and access requirements. The IHS will continue to use the following data collection instruments to meet the information collection requirements contained in the Rule.

45 CFR 164.508: This provision generally requires covered entities to obtain or receive a valid authorization for its use or disclosure of protected health information, unless otherwise permitted or required by the Privacy Rule. (See, e.g., 45 CFR 164.506 for a common exception to this general rule, which involves uses and disclosure for treatment, payment, or healthcare operations.) Individuals may initiate a written authorization permitting covered entities to release their protected health information to entities of their choosing. The form IHS–810 “Authorization for Use or Disclosure of Protected Health Information” is used to document an individual’s authorization to use or disclose their protected health information.

45 CFR 164.522: Section 164.522(a)(1) requires a covered entity to permit individuals to request that the covered entity restrict the use and disclosure of their protected health information. The covered entity may or may not agree to the restriction, and with a limited exception, a covered entity is not required to agree to a requested restriction. 45 CFR 164.522(a)(1)(vi). The form IHS–912–1 “Request for Restrictions(s)” is used to document an individual’s request for restriction of their protected health information, and whether the IHS agreed or disagreed

with the restriction. Section 164.522(a)(2) permits a covered entity to terminate its agreement to a restriction under certain conditions. For example, termination may occur if the individual agrees to or requests the termination in writing. 45 CFR 164.522(a)(2)(i). The form IHS–912–2 “Request for Revocation of Restriction(s)” is used to document the individual’s request, the individual’s agreement, and/or the agency’s decision to terminate a formerly agreed to restriction regarding the use and disclosure of protected health information.

45 CFR 164.528: This provision requires covered entities to provide an accounting of certain disclosures of protected health information made by the covered entity. See also, 45 CFR 5b.9(c). The form IHS–913 “Request for an Accounting of Disclosures” is used to document an individual’s request for an accounting of disclosures of their protected health information and the agency’s handling of the request.

45 CFR 164.526: Under this provision, individuals have a right to amend protected health information or a record about the individual in a designated record set, under certain conditions. 45 CFR 164.526(a). This provision further requires covered entities to permit an individual to request that the covered entity amend protected health information. 45 CFR 164.526(b). The covered entity must inform the individual if the covered entity accepts the requested amendment, in whole or in part. The covered entity must provide the individual with a written denial containing certain information if the covered entity denies the requested amendment, in whole or in part. 45 CFR 164.526(d)(1). The form IHS–917 “Request for Correction/Amendment of Protected Health Information” will be used to document an individual’s request to amend his/her protected health information and the agency’s decision to accept or deny the request.
