Docket No. 19–ASW–9]

RIN 2120–AA66

**Proposed Revocation and Amendment
of the Class E Airspace; Lafayette, LA**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to revoke the Class E airspace designated as an extension to a Class C surface area at Lafayette Regional Airport/Paul Fournet Field, Lafayette, LA, and amend the Class E airspace extending upward from 700 feet above the surface at Lafayette Regional Airport/Paul Fournet Field and Acadiana Regional Airport, New Iberia, LA, which is contained within the Lafayette, LA, airspace legal description. The FAA is proposing this action as the result of the decommissioning of the Acadi non-directional beacon (NDB), which provided navigation information for the instrument procedures at Acadiana Regional Airport, and the development of new instrument procedures at Lafayette Regional Airport/Paul Fournet Field. The geographic coordinates of Lafayette Regional Airport/Paul Fournet Field and the names of Lafayette Regional Airport/Paul Fournet Field, Acadiana Regional Airport, and Abbeville Chris Crusta Memorial Airport, Abbeville, LA, which is contained within the Lafayette, LA, airspace legal description, would also be updated to coincide with the FAA's aeronautical database.

DATES: Comments must be received on or before October 4, 2019.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590; telephone (202) 366–9826, or (800) 647–5527. SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would revoke the Class E airspace designated as an extension to a Class C surface area at Lafayette Regional Airport/Paul Fournet Field, Lafayette, LA, and amend the Class E airspace extending upward from 700 feet above the surface at Lafayette Regional Airport/Paul Fournet Field and Acadiana Regional Airport, New Iberia, LA, to support instrument flight rule operations at these airports.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory

decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA–2019–0613/Airspace Docket No. 19–ASW–9." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at http://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

**Availability and Summary of
Documents for Incorporation by
Reference**

This document proposes to amend FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Removing the Class E airspace designated as an extension to a Class C surface area at Lafayette Regional Airport/Paul Fournet Field, Lafayette, LA, as it is no longer required;

And amending the Class E airspace extending upward from 700 feet above the surface to within a 7.5-mile radius (decreasing from a 7.7-mile radius) of the Lafayette Regional Airport/Paul Fournet Field; within a 6.7-mile radius (decreased from a 6.9-mile radius) of Acadiana Regional Airport, New Iberia, LA; updating the names of Lafayette Regional Airport/Paul Fournet Field (previously Lafayette Regional Airport), Abbeville Chris Crusta Memorial Airport (previously Abbeville Municipal Airport), and Acadiana Regional Airport (previously Acadiana Regional) to coincide with the FAA's aeronautical database; and updating the geographic coordinates of Lafayette Regional Airport/Paul Fournet Field to coincide with the FAA's aeronautical database; and removing the city associated with the Acadiana Regional Airport from the airspace legal description to comply with a change to FAA Order 7400.2M, Procedures for Handling Airspace Matters.

This action is the result of an airspace review caused by the decommissioning of the Acadi NDB, which provided navigation information for the instrument procedures at Acadiana Regional Airport and the development of new instrument procedures at Lafayette Regional Airport/Paul Fournet Field.

Class E airspace designations are published in paragraph 6003 and 6005, respectively, of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3)

does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

RIN 1625–AA08

Special Local Regulation; Kaskaskia River MM 10–11, Evansville, IL

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish temporary special local regulations for certain waters of the Kaskaskia River. This action is necessary to provide for the safety of life near Evansville, IL on the Kaskaskia River from mile marker 10 to mile marker 11 during drag boat races on September 14 and 15, 2019. This proposed rulemaking would prohibit persons and vessels from being in the regulated area unless authorized by the Captain of the Port Sector Upper Mississippi River or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before September 4, 2019.

ADDRESSES: You may submit comments identified by docket number USCG–2019–0231 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.
