RIN 0648-XV033

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Groundfish Advisory Panel to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Monday, September 16, 2019 at 9 a.m.

ADDRESSES: The meeting will be held at the Hilton Garden Inn, 100 Boardman Street, Boston, MA 02129; phone: (617) 567-6789.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Groundfish Advisory Panel will review the draft Environmental Impact Statement (DEIS) and recommend preliminary preferred alternatives, as well as discuss draft alternatives focusing on (1) 2020 total allowable catches for U.S./Canada stocks of Eastern Georges Bank (GB) cod, Eastern GB haddock, and GB yellowtail flounder and (2) revisions to the GB cod Incidental Catch TAC to remove the allocation to the Closed Area I (CAI) Haddock Special Access Program (SAP). The Advisory Panel will also discuss a draft list of possible groundfish

priorities for 2020 and will also receive an update on the Commercial Electronic Vessel Trip Reporting (eVTR) Omnibus Framework, which proposes to implement electronic VTRs for all vessels with commercial permits for species managed by the Mid-Atlantic and New England Fishery Management Councils. They will also make recommendations to the Groundfish Committee, and discuss other business as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 16, 2019.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Crab Rationalization Cost Recovery Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of fee percentage.

SUMMARY: NMFS publishes notification of a 1.70 percent fee for cost recovery under the Bering Sea and Aleutian Islands Crab Rationalization Program.

This action is intended to provide holders of crab allocations with the 2019/2020 crab fishing year fee percentage so they can calculate the required cost recovery fee payment that must be submitted by July 31, 2020.

DATES: The Crab Rationalization Program Registered Crab Receiver permit holder is responsible for submitting the fee liability payment to NMFS by July 31, 2020.

FOR FURTHER INFORMATION CONTACT: Doug Duncan, (907) 586-7228.

SUPPLEMENTARY INFORMATION:

Background

NMFS Alaska Region administers the Bering Sea and Aleutian Islands Crab Rationalization Program (Program) in the North Pacific. Fishing under the Program began on August 15, 2005. Regulations implementing the Program can be found at 50 CFR part 680.

The Program is a limited access privilege program authorized by section 313(j) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The Program includes a cost recovery provision to collect fees to recover the actual costs directly related to the management, data collection, and enforcement of the Program. The Program implemented under the authority of section 313(j) is consistent with the cost recovery provisions included under section 304(d)(2)(A) of the Magnuson-Stevens Act. NMFS developed the cost recovery provision to conform to statutory requirements and to reimburse the agency for the actual costs directly related to the management, data collection, and enforcement of the Program. The cost recovery provision allows collection of 133 percent of the actual management, data collection, and enforcement costs up to 3 percent of the ex-vessel value of crab harvested under the Program. The Program provides that a proportional share of fees charged be forwarded to the State of Alaska for reimbursement of its share of management and data collection costs for the Program.

A crab allocation holder generally incurs a cost recovery fee liability for every pound of crab landed. Catcher vessel and processor quota shareholders split the cost recovery fees equally with each paying half, while catcher/processor quota shareholders pay the full fee percentage for crab processed at sea. The crab allocations subject to cost recovery include Individual Fishing Quota, Crew Individual Fishing Quota, Community Development Quota, and the Adak community allocation. The

Registered Crab Receiver (RCR) permit holder must collect the fee liability from the crab allocation holder who is landing crab. Additionally, the RCR permit holder must collect their own fee liability for all crab delivered to the RCR. The RCR permit holder is responsible for submitting this payment to NMFS on or before July 31, in the year following the crab fishing year in which landings of crab were made.

The dollar amount of the fee due is determined by multiplying the fee percentage (not to exceed 3 percent) by the ex-vessel value of crab debited from the allocation. Specific details on the Program's cost recovery provision may be found in the implementing regulations at 50 CFR 680.44.

Fee Percentage

Each year, NMFS calculates and publishes in the **Federal Register** the fee percentage according to the factors and methodology described at § 680.44(c)(2). The formula for determining the fee percentage is the "direct program costs" divided by "value of the fishery," where "direct program costs" are the direct program costs for the Program for the previous fiscal year, and "value of the fishery" is the ex-vessel value of the catch subject to the crab cost recovery fee liability for the current year. Fee collections for any given year may be less than, or greater than, the actual costs and fishery value for that year, because, by regulation, the fee percentage is established in the first quarter of a crab fishery year based on the fishery's value and costs in the prior year.

According to the fee percentage formula described above, the estimated percentage of costs to value for the 2018/2019 fishery was 1.70 percent. Therefore, the fee percentage will be 1.70 percent for the 2019/2020 crab fishing year. This is a decrease of 0.15 percent from the 2018/2019 fee percentage of 1.85 percent (83 FR 34119, July 19, 2018). Direct program costs for managing the fishery decreased by 0.7 percent from 2017/2018 to 2018/2019, while fishery value increased 8.5 percent, resulting in the decreased fee percentage. Similar to previous years, the largest direct program costs were incurred by the Alaska Department of Fish and Game and the NOAA Office of Law Enforcement.
