BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Health Resources and Services Administration****Agency Information Collection Activities: Proposed Collection: Public Comment Request: Rural Health Network Development Planning Performance Improvement and Measurement System Database, OMB No. 0915-0384—Extension****AGENCY:** Health Resources and Services Administration (HRSA), Department of Health and Human Services.**ACTION:** Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR must be received no later than October 25, 2019.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA

Information Collection Clearance Officer, Room 14N136B, 5600 Fishers Lane, Rockville, Maryland 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at (301) 443-1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the ICR title for reference.

Information Collection Request Title: Rural Health Network Development Planning Performance Improvement and Measurement System Database, OMB No. 0915-0384—Extension.

Abstract: The purpose of the Rural Health Network Development Planning (Network Planning) Program is to assist in the development of an integrated health care network specifically for entities that do not have a history of formal collaborative efforts. Health care networks can be an effective strategy to help smaller rural health care providers and health care service organizations align resources, achieve economies of scale and efficiency, and address challenges more effectively as a group

than as single providers. This program promotes the planning and development of healthcare networks in order to achieve efficiencies; expand access to, coordinate, and improve the quality of essential health care services; and strengthen the rural health care system as a whole.

The goals of the Network Planning Program are centered around approaches that will aid providers in better serving their communities given the changes taking place in health care, as providers move from focusing on the volume of services to focusing on the value of services. In addition to establishing and improving local capacity and coordination of care, the Network Planning Program brings together key parts of a rural health care delivery system, particularly those entities that may not have collaborated in the past under a formal relationship. The program supports one year of planning with the primary goals of helping networks create a foundation for their infrastructure and focusing member efforts to address important regional or local community health needs.

Need and Proposed Use of the Information: Performance measures for the Network Planning Program serve the

purpose of quantifying awardee-level data that conveys the successes and challenges associated with the grant award. These measures and aggregate data substantiate and inform the focus and objectives of the grant program. The approved measures encompass the following principal topic areas: Network infrastructure, network collaboration, sustainability, and network assessment.

Likely Respondents: Rural Health Network Development Planning Program award recipients.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Rural Health Network Development Planning Program Performance Improvement Measurement System	21	1	21	1	21
Total	21	21	21

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Maria G. Button,

Director, Division of the Executive Secretariat.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Findings of Research Misconduct

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Findings of research misconduct have been made against Dr. Rahul Agrawal (Respondent), former visiting fellow at the Center for Cancer Research, Laboratory of Pathology, Cancer Molecular Pathology Section, National Cancer Institute (NCI), National Institutes of Health (NIH). Dr. Agrawal engaged in research misconduct in research supported by the Intramural Research Program of NCI, NIH. The administrative actions, including supervision for a period of

one (1) year, were implemented beginning on August 8, 2019, and are detailed below.

FOR FURTHER INFORMATION CONTACT:

Wanda K. Jones, Dr.P.H., Acting Director, Deputy Director, Office of Research Integrity, 1101 Wootton Parkway, Suite 750, Rockville, MD 20852, (240) 453-8200.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the Office of Research Integrity (ORI) has taken final action in the following case:

Dr. Rahul Agrawal, National Institutes of Health: Based on Respondent's admission, an assessment conducted by NIH, and additional analysis conducted by ORI in its oversight review, ORI found that Dr. Rahul Agrawal, former visiting fellow at the Center for Cancer Research, Laboratory of Pathology, Cancer Molecular Pathology Section,
