

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv), Constant Forest submitted documentation establishing the following: (1) The date on which the company first shipped plywood for export to the United States and the date on which the plywood was first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.⁸

Commerce conducted a query of the U.S. Customs and Border Protection (CBP) database and confirmed that Constant Forest's shipment of subject merchandise had entered the United States for consumption and that liquidation of such entries had been properly suspended for antidumping duties. The information that Commerce examined was consistent with that provided by Constant Forest in its request. In particular, the CBP data confirmed the price and quantity reported by Constant Forest for the sale that forms the basis of this NSR request. Commerce also confirmed by examining CBP data that Constant Forest's entries were made during the period of review specified by Commerce's regulations.⁹

Period of Review

Pursuant to 19 CFR 351.214(c), an exporter or producer may request an NSR within one year of the date on which its subject merchandise was first entered. Further, 19 CFR 351.214(d)(1) states that Commerce will initiate an NSR in the calendar month immediately following the anniversary month or the semiannual anniversary month if the request for review is made during the six-month period ending with the end of the anniversary month or the semiannual anniversary month, whichever is applicable. In accordance with 19 CFR 351.214(g)(1)(i)(B), the period of review (POR) for an NSR initiated in the month immediately following the semiannual anniversary month will be the six-month period immediately preceding the semiannual anniversary month. Constant Forest requested this NSR within one year of the date on which its plywood was first entered, and the request was filed in July 2019, which is the semiannual anniversary month of the *Order*. Therefore, the POR for this

NSR is January 1, 2019 through June 30, 2019.

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act, 19 CFR 351.214(b), and the information on the record, we find that the request from Constant Forest meets the threshold requirements for the initiation of an NSR for shipments of plywood from China produced and exported during the POR by Constant Forest.¹⁰ However, if the information supplied by Constant Forest is later found to be incorrect or insufficient during the course of this proceeding, Commerce may rescind the review or apply adverse facts available, pursuant to section 776 of the Act, depending upon the facts on record. Unless extended, Commerce intends to issue the preliminary results within 180 days from the date of initiation, and the final results within 90 days from the issuance of the preliminary results.¹¹

It is our usual practice, in cases involving non-market economies, to require that a company seeking to establish eligibility for an AD rate separate from the country-wide rate (*i.e.*, a separate rate) provide evidence of *de jure* and *de facto* absence of government control over the company's export activities.¹² Accordingly, Commerce will issue questionnaires to Constant Forest that will include a section requesting information with regard to the company's export activities for the purpose of establishing its eligibility for a separate rate. The review will proceed if the response provides sufficient indication that Constant Forest is not subject to either *de jure* or *de facto* government control with respect to its exports of subject merchandise.

We will conduct this new shipper review in accordance with section 751(a)(2)(B) of the Act, as amended by the Trade Facilitation and Trade Enforcement Act of 2015.¹³

Because Constant Forest certified that it produced and exported subject merchandise, the sale of which is the basis for its request for an NSR, we will instruct CBP to continue to suspend liquidation of all entries of subject

merchandise produced and exported by Constant Forest.

To assist in its analysis of the *bona fide* nature of Constant Forest's sales, upon initiation of this NSR, Commerce will require Constant Forest to submit, on an ongoing basis, complete transaction information concerning any sales of subject merchandise to the United States that were made subsequent to the POR.

Interested parties requiring access to proprietary information in this proceeding should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 19 CFR 351.306.

This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 19 CFR 351.221(c)(1)(i).

Dated: August 22, 2019.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Comments received by close of business the Monday before the meeting (9/9/19) will be compiled, posted to the website as part of the meeting materials, and included in the administrative record; please use the Council's online form available from the website. For written comments received after the Monday before the meeting (after 9/9/19), individuals submitting a comment must use the Council's online form available from the website. Comments will automatically be posted to the website and available for Council consideration. Comments received prior to noon on Thursday, September 19, 2019 will be a part of the meeting administrative record.

The items of discussion in the individual meeting agendas are as follows:

Robert's Rules Training—Monday, September 16, 2019, 8:30 a.m. Until 12 p.m.

1. Council members will receive training on the use of Robert's Rules for meeting purposes.

Personnel Committee/Committee of the Whole—Monday, September 16, 2019, 1:30 p.m. Until 6 p.m. (Closed Session)

1. The Committee/Council will discuss personnel issues and provide guidance to staff.

2. The Committee/Council will conduct executive director interviews and select a new executive director.

Snapper Grouper Committee, Tuesday, September 17, 2019, 8:30 a.m. Until 5:30 p.m.

1. The Committee will receive updates from NOAA Fisheries on

commercial catches versus quotas for species under annual catch limits (ACLs) and the status of amendments under formal Secretarial review.

2. The Committee will receive preliminary results from the August 19–21, 2019 Scientific and Statistical Committee (SSC)/Marine Recreational Information Program (MRIP) Workshop to address issues with recreational data.

3. The Committee will review Regulatory Framework Amendment 29 to the Snapper Grouper Fishery Management Plan (FMP) addressing best fishing practices and the use of powerhead gear, discuss outreach needs, and consider recommendation for Council approval for formal Secretarial Review.

4. The Committee will receive an update on Snapper Grouper Abbreviated Framework Amendment 3 addressing management of blueline tilefish and take action as needed.

5. The Committee will review the Wreckfish Individual Transferable Quota (ITQ) Review document and consider recommending approval for formal Secretarial review.

6. The Committee will review Snapper Grouper Regulatory Amendment 33 addressing season modifications for red snapper, consider public hearing comments, select preferred alternatives, and provide guidance to staff as needed.

7. The Committee will review Snapper Grouper Regulatory Amendment 34 addressing Special Management Zones (SMZs) for North Carolina and South Carolina and consider recommending the amendment for public hearings.

8. The Committee will provide guidance on agenda items for the upcoming Snapper Grouper Advisory Panel meeting, review the draft 2021–2026 Vision Blueprint for the Snapper Grouper Fishery, and a white paper on authorized gear for harvesting lionfish and take action as necessary.

Protected Resources Committee, Wednesday, September 18, 2019, 8 a.m. Until 8:30 a.m.

1. The Committee will receive an overview of the Memorandum of Understanding (MOU) between the Council and NOAA Fisheries, discuss and take action as needed.

2. The Committee will receive updates on Biological Opinions for Dolphin Wahoo and Highly Migratory Species Fisheries, updates on other Protected Resources issues, and take action as needed.
