[Docket ID: USAF–2019–HQ–0006]

RIN 0701–AA89

Privacy Act Program

AGENCY: Department of the Air Force, DoD.

ACTION: Final rule.

SUMMARY: This final rule removes DoD’s regulation concerning the Department of the Air Force Privacy Program. On April 11, 2019, the Department of Defense published a revised DoD-level Privacy Program rule, which contains the necessary information for an agency-wide privacy program regulation under the Privacy Act and now serves as the single Privacy Program rule for the Department. That revised Privacy Program rule also includes all DoD component exemption rules. Therefore, part 806b is now unnecessary and may be removed from the CFR.

DATES: This rule is effective on September 6, 2019.

FOR FURTHER INFORMATION CONTACT:

LaDonne White, 571–256–2515.

SUPPLEMENTARY INFORMATION: DoD now has a single DoD-level Privacy Program rule at 32 CFR part 310 (84 FR 14728) that contains all the codified information required for the Department. The Department of the Air Force program regulation at 32 CFR part 806b, “Privacy Act Program,” last updated on January 7, 2004 (69 FR 954), is no longer required and can be removed.

It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on the removal of policies and procedures that are either now reflected in another CFR part, 32 CFR 310, or are publicly available on the Department’s website. To the extent that the Department of the Air Force internal guidance concerning the implementation of the Privacy Act within the Department of the Air Force is necessary, it will continue to be published in “Air Force Privacy and Civil Liberties Program (AFI33–332),” available at https://static.e-publishing.af.mil/production/1/saf_cio_a6/publication/afi33-332/afi33-332.pdf (14 Feb 2019).

This rule is one of 20 separate component Privacy rules. With the finalization of the DoD-level Privacy rule at 32 CFR part 310, the Department

is eliminating the need for this component Privacy rule, thereby reducing costs to the public as explained in the preamble of the DoD-level Privacy rule published on April 11, 2019, at 84 FR 14728–14811.

This rule is not significant under Executive Order (E.O.) 12866, “Regulatory Planning and Review.” Therefore, E.O. 13771, “Reducing Regulation and Controlling Regulatory Costs” does not apply.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and

opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking with respect to this rule because it is impracticable. The Coast Guard did not receive final details for this event until July 30, 2019. It is impracticable to go through the entire notice of proposed rulemaking process because the Coast Guard must establish this temporary safety zone by September 8, 2019 and lacks sufficient time to provide a reasonable comment period and consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. For similar reasons as stated above, notice and comment procedures would be impractical in this instance due to the short notice provided for this event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port San Francisco has determined that potential hazards associated with the Incline Village Wedding Fireworks Display on September 8, 2019, will be a safety concern for anyone within a 100-foot radius of the fireworks barge during loading, staging, and transit, and anyone within a 210-foot radius of the fireworks barge starting 30 minutes before the fireworks display is scheduled to commence and ending 30 minutes after the conclusion of the fireworks display. For this reason, this temporary safety zone is needed to protect personnel, vessels, and the marine environment in the navigable waters around the fireworks barge during the fireworks display.

IV. Discussion of the Rule

This rule establishes a safety zone from 4 p.m. until 9:40 p.m. on September 8, 2019 during the loading, staging, and transit of the fireworks barge in Crystal Bay in Incline Village, until 30 minutes after completion of the fireworks display. From 4 p.m. to 8:30 p.m. on September 8, 2019, during the loading, staging, and transit of the
