SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-86834; File No. SR-LCH SA-2019-005]

Self-Regulatory Organizations; LCH SA; Notice of Designation of Longer Period for Commission Action on Proposed Rule Change Relating to Introduction of Clearing of the New Market iTraxx Subordinated Financials Index CDS and the Related Single Name CDS Constituents and Enhancements to Wrong Way Risk Margin

August 30, 2019.

On August 2, 2019, Banque Centrale de Compensation, which conducts

business under the name LCH SA (“LCH SA”), filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act (“Act”)¹ and Rule 19b-4 thereunder,² a proposed rule change to amend its rules to (i) introduce clearing of new Markit iTraxx Subordinated Financials Index CDS and the Related Single Name CDS Constituents (together, “Subordinated Financials”); (ii) incorporate changes to the Wrong Way Risk margin as recommended by a risk model validation; and (iii) modify the Default Fund Additional Margin (SR-LCH SA-2019-005). The proposed rule change was published for comment in the **Federal Register** on August 9, 2019.³ To date, the Commission has not received comments on the proposed rule change.

Section 19(b)(2) of the Act⁴ provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day from the publication of notice of filing of this proposed rule change is September 23, 2019.

The Commission is extending the 45-day time period for Commission action on the proposed rule change, in which LCH SA would introduce clearing of Subordinated Financials and make the other changes noted above. The Commission finds it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider LCH SA’s proposed rule change.

Accordingly, pursuant to Section 19(b)(2)⁵ of the Act, and for the reasons discussed above, the Commission designates November 7, 2019, as the date by which the Commission should either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change (File No. SR-LCH SA-2019-005).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶

Jill M. Peterson,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Rules 901, 902, 903(a), 904, 905, 906, 907, and 908 of Regulation SBSR, SEC File No. 270-629, OMB Control No. 3235-0718

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rules 901, 902, 903(a), 904, 905, 906, 907, and 908 of Regulation SBSR (17 CFR 242.901, 902, 903(a), 904, 905, 906, 907, and 908), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Regulation SBSR consists of ten rules, Rules 900 to 909 under the Exchange Act. Regulation SBSR provides generally for the reporting of security-based swap information to a registered security-based swap data repository (“registered SDR”) or the Commission, and the public dissemination of security-based swap transaction, volume, and pricing information by registered SDRs. Rule 901 specifies, with respect to each reportable event pertaining to covered transactions, who is required to report, what data must be reported, when it must be reported, where it must be reported, and how it must be reported. Rule 901(a)(1) of Regulation SBSR requires a platform to report to a registered security-based swap data repository (“registered SDR”) a security-based swap executed on such platform that will be submitted to clearing. Rule 901(a)(2)(i) of Regulation SBSR requires a registered clearing agency to report to a registered SDR any security-based swap to which it is a counterparty. Rules 902 to 909 of

Regulation SBSR provide additional details as to how such reporting and public dissemination is to occur.

The Commission estimates that a total of approximately 4900 entities will be impacted by Regulation SBSR, including registered SDRs, registered security-based swap dealers, registered major securities-based swap participants, registered clearing agencies, platforms, and reporting sides and other market participants. The Commission estimates that the total reporting burden for Regulation SBSR, for all respondents, is approximately 538,257.60 hours initially (which equates to approximately 179,419.20 hours per year when annualized over three years), with a total ongoing burden thereafter of approximately 1,887,021.07 hours per year. Thus, the aggregate yearly burden is approximately 2,066,441 hours (2,066,440.27 rounded up). In addition, the Commission estimates that the total cost for all of Regulation SBSR for all respondents is approximately \$21,264,300 initially (which equates to approximately \$7,088,100 per year when annualized over three years), with a total ongoing cost thereafter of approximately \$80,331,371 per year. Thus, the aggregate annual cost for all respondents is approximately \$87,419,472 (\$87,419,471.30 rounded up). A detailed break-down of the burdens applicable to each type of entity is provided in the supporting statement.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
