

Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

7. *Additional Monitoring:* This program is designated as “susceptible to significant improper payments” for purposes of the Improper Payments Information Act of 2002 (31 U.S.C. 3321 note). See title VIII of the Disaster Supplemental, and Public Law 115–123, the Bipartisan Budget Act of 2018, division B, subdivision 1, title XII, § 21208(a), February 9, 2018, 132 Stat. 108. Consequently, if 2019 EAI Program grantees expend more than \$10,000,000 under this program—a level of expenditures that the Department anticipates will be met—there will be additional requirements for grantees under the program, including making expenditure information and documentation available for review by the Department. We will provide additional information about this requirement after we make awards, providing advanced notice to ensure grantees understand their responsibilities for documenting all expenditures of 2019 EAI Program funds. In general, these documentation requirements are identical to those ordinarily required for all Federal education program expenditures; the primary impact of the Improper Payments Information Act will be increased review of this documentation.

VI. Award Administration Information

1. *Award Notices:* If you receive a grant award under the 2019 EAI Program, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

2. *Reporting:* (a) If you apply for a grant under the program, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. The Secretary may also require more

frequent performance reports under 34 CFR 75.720(c).

3. *Performance Measure:* The Secretary has established the number of enrolled students receiving 2019 EAI Program funding as the performance measure for assessing the effectiveness of the 2019 EAI Program.

VII. Other Information

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to one of the persons listed under **FOR FURTHER INFORMATION CONTACT**.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. Federal Energy Regulatory Commission

[Project No. 14981–000]

Lock+™ Hydro Friends Fund XXIX, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On March 6, 2019, Lock+™ Hydro Friends Fund XXIX, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Curwensville Dam Hydropower Project to be located at the U.S. Army Corps of Engineers’ (Corps) Curwensville Dam on the West Branch

Susquehanna River in Tioga County, Pennsylvania. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners’ express permission.

The proposed project would consist of the following: (1) A new 30-foot-long, 30-foot-wide, 160-foot-high Large Frame Module; (2) two turbine-generator units with a total rated capacity of 1.5 megawatts; (3) a new 4-foot-long, 4-foot-wide, 3-foot-high pad-mounted transformer; (4) a new 300-foot-long, 13-kilovolt transmission line connecting the new transformer to an existing distribution line; and (5) appurtenant facilities. The proposed project would have an annual generation of 6,800 megawatt-hours.

Applicant Contact: Wayne Krouse, Lock+™ Hydro Friends Fund XXIX, LLC, P.O. Box 43796, Birmingham, AL 35243; phone: 877–556–6566 ext. 709.

FERC Contact: Woohee Choi; phone: (202) 502–6336.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission’s eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P–14981–000.

More information about this project, including a copy of the application, can be viewed or printed on the “eLibrary” link of the Commission’s website at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P–14981) in the docket number field to

access the document. For assistance, contact FERC Online Support.

Dated: September 10, 2019.

Kimberly D. Bose,
Secretary.

[Project No. 12611-009]

Verdant Power, LLC; Notice of Request To Waive Requirement To File Draft License Application

a. *Type of Filing:* Request to Waive Pre-Filing Requirements.
b. *Project No.:* 12611-009.
c. *Date Filed:* August 30, 2019.
d. *Applicant:* Verdant Power, LLC.
e. *Name of Project:* Roosevelt Island Tidal Energy Project.
f. *Location:* On the East River in New York County, New York.
g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.
h. *Applicant Contact:* Mr. Ronald F. Smith, President and Chief Operating Officer, Verdant Power, LLC, P.O. Box 282, Roosevelt Island, New York, New York 10044. Phone: (703) 328-6841.
i. *FERC Contact:* Andy Bernick, (202) 502-8660, andrew.bernick@ferc.gov.
j. Verdant requests a waiver of the Commission's pre-filing regulations under section 16.8(c) with respect to the requirement to submit a draft license application for the Roosevelt Island Tidal Energy Project. Verdant states that the project has a long history of consultation and that it proposes no substantive changes to the currently submitted pilot project. Further, Verdant indicates that it held two joint agency meetings (on January 8, 2019 and May 16, 2019), the second of which was held for federal agencies that were unable to attend the January meeting due to the funding lapse at certain federal agencies between December 22, 2018, and January 25, 2019. Verdant explains that the second joint agency meeting and the additional time needed to respond to study requests has reduced the amount of time available for submitting and effectively reviewing responses to a draft license application, prior to the filing of the final license application by December 31, 2019. Therefore, Commission staff is soliciting comments on Verdant's request to waive the requirement to file a draft license application for the Roosevelt Island Tidal Energy Project, pursuant to

sections 16.8(c)(4) and 16.8(c)(6) of the Commission's regulations.

k. The deadline for filing comments is 15 days from the issuance date of this notice.

The Commission strongly encourages electronic filing. Please file motions to intervene and protests, comments, and final terms and conditions, recommendations, and prescriptions using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P-12611-009.

l. A copy of the request is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. A copy is also available for inspection and reproduction at the address in item h above.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.
