b. *Project No.:* 12611-009.
c. *Date Filed:* August 30, 2019.
d. *Applicant:* Verdant Power, LLC.
e. *Name of Project:* Roosevelt Island Tidal Energy Project.
f. *Location:* On the East River in New York County, New York.
g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.
h. *Applicant Contact:* Mr. Ronald F. Smith, President and Chief Operating Officer, Verdant Power, LLC, P.O. Box 282, Roosevelt Island, New York, New York 10044. Phone: (703) 328-6841.
i. *FERC Contact:* Andy Bernick, (202) 502-8660, andrew.bernick@ferc.gov.
j. Verdant requests a waiver of the Commission's pre-filing regulations under section 16.8(c) with respect to the requirement to submit a draft license application for the Roosevelt Island Tidal Energy Project. Verdant states that the project has a long history of consultation and that it proposes no substantive changes to the currently substantive pilot project. Further, Verdant indicates that it held two joint agency meetings (on January 8, 2019 and May 16, 2019), the second of which was held for federal agencies that were unable to attend the January meeting due to the funding lapse at certain federal agencies between December 22, 2018, and January 25, 2019. Verdant explains that the second joint agency meeting and the additional time needed to respond to study requests has reduced the amount of time available for submitting and effectively reviewing responses to a draft license application, prior to the filing of the final license application by December 31, 2019. Therefore, Commission staff is soliciting comments on Verdant's request to waive the requirement to file a draft license application for the Roosevelt Island Tidal Energy Project, pursuant to

sections 16.8(c)(4) and 16.8(c)(6) of the Commission's regulations.
