SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection* (check justification or form 83): Revision of a currently approved collection.

2. *The Title of the Form/Collection:* FEL Out of Business Records.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form number (if applicable): None.

Component: Bureau of Alcohol, Tobacco, Firearms and Explosives, U.S. Department of Justice.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Business or other for-profit.
Other (if applicable): Individuals or households.

Abstract: Per 27 CFR 555.128, when an explosive materials business or operation is discontinued, the records must be delivered to the ATF Out of Business Records Center within 30 days of the business or operation discontinuance.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 249 respondents will utilize this information collection, and it will take each respondent

approximately 30 minutes to complete their responses.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 124.5 or 125 hours, which is equal to 249 (# of respondents) * 1 (# of responses per respondents) * .5 (30 minutes).

7. *An Explanation of the Change in Estimates:* The adjustments associated with this information collection include an increase in the total respondents and burden hours by 49 and 25 respectively, since the last renewal in 2016. Consequently, the cost burden has also risen by \$8,842 since 2016.

BILLING CODE 4410-FY-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On September 12, 2019, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Utah in the lawsuit entitled *United States of America v. Performance Diesel, Inc.*, Civil Action No. 4:19-cv-00075-DN.

The lawsuit seeks injunctive relief and civil penalties against Defendant Performance Diesel, Inc. ("PDI") for violations of Sections 203(a)(3)(A) and (B) of the Clean Air Act, 42 U.S.C. 7522(a)(3)(A) and (B). The United States alleges that Defendant manufactured, sold, and in some cases installed at least 5,549 aftermarket products that have a principal effect of bypassing, defeating, or rendering inoperative emission controls installed on motor vehicles or motor vehicle engines, and that Defendant knew or should have known that these products would be put to such use. In both the complaint and proposed consent decree, these aftermarket products are referred to as "subject products." Subject products do not include products that are covered by an Executive Order ("E.O.") issued by the California Air Resources Board

("CARB") or a pending "complete application" for a CARB E.O.

Under the proposed consent decree, Defendant would pay a civil penalty and implement measures to comply with the Clean Air Act. For instance, subject to a narrowly tailored exception for research and development, Defendant is prohibited from manufacturing, selling, or installing subject products. For any product that would otherwise qualify as a subject product, Defendant must demonstrate a reasonable basis that the product will not adversely affect vehicles emissions. Moreover, Defendant must (1) destroy all subject products (except those retained for research and development); (2) stop providing technical support for subject products; (3) revise its marketing materials; (4) provide notice to its employees and customers; (4) require its employees to forfeit any subject products; and (5) provide annual employee training. Defendant must also pay \$1,100,000 in civil penalties based upon its demonstrated inability to pay a higher penalty. The proposed consent decree would resolve all Clean Air Act claims alleged by the United States against Defendant through the date the United States filed the complaint.

The publication of this notice opens a period for public comment on the consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Performance Diesel, Inc.*, D.J. Ref. No. 90-5-2-1-11994. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

FOR FURTHER INFORMATION CONTACT:

Frederick Licari by telephone at 202-693-8073, TTY 202-693-8064, (these are not toll-free numbers) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Weekly Claims and Extended Benefits Data and Weekly Initial and Continued Weeks Claimed information collection. This data collection is necessary for the determination of the beginning, continuance, or termination of an Extended Benefit (EB) period in any State that determines the EB trigger rate. In addition, data on initial and continued claims are used to help determine economic indicators. Social Security Act section 303(a)(6) and 20 CFR 615.15 authorize this information collection. *See* 42 U.S.C. 303(a)(6) and Public Law 91-373, section 203.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0028.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on September 30, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 22, 2019 (84 FR 10837).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES**

section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0028. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
