

to \$14 per night are comparable and reasonable.

All three campgrounds offer designated campsites with a parking spur, tent pad, picnic table and fire ring with cooking grill. The campgrounds each have at least one information kiosk, vault toilet building, interior gravel or paved campground road, and informational signs. The Pines Campground has trash receptacles and trash removal service. Campers are responsible for removing their trash from Little Fort and Wolf Gap Campgrounds. Currently, none of the campgrounds offer drinking water.

All three of these campgrounds offer direct access to several outdoor recreation opportunities. Little Fort is adjacent to a motorized trail system and near non-motorized trails and a mountaintop observation tower. Wolf Gap Campground on the Virginia/West Virginia border offers access to several highly popular non-motorized trails. The Pines Campground is located adjacent to a challenging four-wheel drive road on one side and the designated Barbour's Creek Wilderness on another. A stocked trout stream runs by The Pines as well. Recreation fees would be combined with other funds to support continued operations and maintenance of these campgrounds that support visitor enjoyment of national forest recreation opportunities.

Currently all three campgrounds are fee free recreation sites. A camping fee of \$12 to \$14 per site per night would be required. Additional amenities are proposed for the facilities including establishing a host campsite at The Pines, repairing the water system and reintroducing drinking water at The Pines and at Wolf Gap, and rehabilitating campsites and the interior campground road at Little Fort. Site features such as picnic tables, signs, and information kiosks will be repaired or replaced as needed.

The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six-month notice in the **Federal Register** whenever new recreation fee areas are established.

Once public involvement is complete, these new fees will be reviewed by the Southern Region Recreation Resource Advisory Committee prior to a final decision and implementation. These sites have all the required features to allow a fee to be charged. Those features include designated parking area, interpretive information and signing, permanent toilets, increased patrols, picnic table, and trash services. These standard amenity fee sites will honor the full suite of Interagency Passes.

Once public involvement is complete, these new fees will be reviewed by the Southern Region Recreation Resource Advisory Committee prior to a final decision and implementation.

Oil Country Tubular Goods From Ukraine: Preliminary Results of the First Five-Year Sunset Review of the Antidumping Duty Order

SUMMARY: On June 4, 2019, the Department of Commerce (Commerce) initiated the first sunset review of the antidumping duty (AD) order on oil country tubular goods (OCTG) from Ukraine. Commerce determined that it was appropriate to conduct a full review. Commerce preliminarily finds that revocation of this AD order would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Preliminary Results of Review" section of this notice.

On June 4, 2019, Commerce initiated the sunset review of the agreement suspending the AD investigation on OCTG from Ukraine, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ Subsequent to the initiation of the sunset review, the suspension agreement on OCTG from Ukraine was terminated and an AD order was issued, effective July 10,

2019.² As section 751(c) of the Act provides for sunset reviews of an AD order or a notice of a suspended investigation, Commerce concludes that continuing the sunset review of the *Order* despite the termination of the suspension agreement is contemplated by the Act.

Commerce received notices of intent to participate from Benteler Steel/Tube (Benteler), Boomerang Tube, LLC (Boomerang), IPSCO Tubulars, Inc. (IPSCO), Vallourec Star, LP (Vallourec), Welded Tube USA Inc. (Welded Tube USA), Maverick Tube Corporation (Maverick), Tenaris Bay City, Inc. (Tenaris Bay), and the United States Steel Corporation (U.S. Steel) (collectively, the domestic interested parties), and Interpipe and North American Interpipe, Inc. (collectively, Interpipe) within the deadline specified in 19 CFR 351.218(d)(1)(i).³ Commerce received substantive responses from the domestic interested parties⁴ and Interpipe⁵ within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). On July 8, 2019, we received rebuttal comments from the domestic interested parties within the deadline specified in 19 CFR 351.218(d)(4).⁶ In addition, on July 8, 2019, the GOU's Ministry of Economic Development and Trade placed comments on the record concerning the initiation of the sunset review of the suspended investigation

Analysis of Comments Received

All issues raised for the preliminary results of this sunset review are addressed in the Preliminary Decision Memorandum.⁹ The issues discussed in the Preliminary Decision Memorandum are the likelihood of continuation or recurrence of dumping, and the magnitude of the margins of dumping likely to prevail if this *Order* were revoked.¹⁰ The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and in the Central Records Unit, Room B8024 of the main Commerce building. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

Pursuant to sections 752(c) of the Act, we determine that revocation of the AD order on OCTG from Ukraine would be likely to lead to continuation or recurrence of dumping at weighted average margins of 7.47 percent.

Interested parties may submit case briefs no later than 30 days after the date of publication of the preliminary results of this full sunset review, in accordance with 19 CFR 351.309(c)(1)(i). Rebuttal briefs, which must be limited to issues raised in the case briefs, may be filed no later than five days after the time limit for filing case briefs in accordance with 19 CFR 351.309(d). Any interested party may request a hearing within 30 days of publication of this notice in accordance with 19 CFR 351.310(c).
