Abstract: Each year, more than 7,000 visitors to the various units of the National Park System file reports of lost or found items. Reporting of lost or found personal property in national parks is governed by 36 CFR 2.22, “Disposition of Property” which requires unattended property be impounded and deemed to be abandoned unless claimed by the owner or an authorized representative within 60 days. The 60-day period commences upon notification to the rightful owner of the property, if the owner can be identified, or from the time the property was placed in the superintendent’s custody, if the owner cannot be identified.

Unclaimed property must be stored for a minimum period of 60 days and, unless claimed by the owner or an authorized representative, may be claimed by the finder, provided the finder is not an employee of the NPS. Found property not claimed by the owner, an authorized representative of the owner, or the finder, shall be deemed abandoned and disposed of in accordance with Title 41 Code of Federal Regulations.

In order to comply with the requirements of 36 CFR 2.22, the NPS uses NPS Form 10–166, “Lost–Found Report,” to allow the park to properly identify personal property reported as lost or found and to return found items to the legitimate owner, when possible, or to the finder if the item is not claimed by the owner or their authorized representative. NPS Form 10–166 collects the following information from the visitor filing the report:

- Park name, receiving station (if appropriate), and date item was lost or found;

- Name, address, city, state, zip code, email address, and contact phone numbers (cell and home);

- Type of item, detailed description of item, and location where the item was last seen or found; and

- Photograph of item (if available).

Abstract: The NPS, as delegated by the U.S. Office of Personnel

Management (OPM), is authorized to request information to determine the suitability of applicants for Federal employment and non-Federal personnel proposed to work under contractor and/or agreement who require access to NPS property and/or to receive DOI Access personal identity verification (PIV) badges. Suitability determinations are authorized under Executive Orders 10450, "Security requirements for Government employment" and 10577, "Amending the Civil Service Rules and authorizing a new appointment system for the competitive service"; sections 3301, 3302, and 9101 of Title 5, U.S.C.; and parts 2, 5, 731, and 736 of Title 5, CFR, and Federal information processing standards. Section 1104 of Title 5 allows OPM to delegate personnel management functions to other Federal agencies, extending these capabilities to the NPS.

To conform with regulations mandated by the OPM and the Department of the Interior (DOI), NPS requires all applicants for Federal employment and non-Federal personnel requiring access to NPS property and/or receive a DOI Access PIV badge to be processed for a suitability background investigation, in accordance with Executive Order 10450 and the Homeland Security Presidential Directive (HSPD-12). To collect information pursuant to this requirement, the NPS Personnel Security Branch uses the Electronic Questionnaires for Investigations Processing (E-QIP) System. As part of this process, electronic submission of the Standard Form 85, for suitability background investigations (NACI), or the Standard Form 85P, for Public Trust, is now required. The information collected is protected in accordance with the Privacy Act, and maintained in a secure system of records (Interior-DOI-45, "Personnel Security Files—Interior", 47 FR 11036).

The NPS uses Form 10-152, "Background Clearance Initiation Request" to create E-QIP accounts necessary to initiate background investigations for all individuals requiring access to NPS property and/or to receive a DOI Access PIV badge. The OPM and DOI programs initiating background investigations have published System of Records Notices in the **Federal Register** describing the systems in which the records will be maintained.

The information collected by NPS Form 10-152 includes detailed information for each proposed candidate requiring a background clearance, to include:

- Full legal name;

- Social Security Number;
- Date and place of birth;
- Country of citizenship;
- Contact phone number;
- Email address;
- Home address;
- Whether proposed candidate has ever been investigated by another Federal agency; and
- If the candidate was investigated by another Federal agency, they must provide the name of that agency and the date of the investigation.

Additional information required on Form 10-152 for non-Federal personnel includes:

- Name of proposed candidate's company;
- Contract/agreement number; and
- Contract/agreement periods of performance.
