

June 19, 2019, vol. 84, No. 118; pp. 28561. There were no public comments.

Need and Proposed Use of the Information: The purpose of this data collection effort is for HRSA contractors to assess the review criteria being used to systematically identify and select RWHAP-funded best practice intervention strategies that demonstrate impact across the HIV care continuum for the online compilation.

Assessing the review criteria will allow HRSA to obtain important information from recipients and determine if the intervention strategies shared via the submission form are effective in improving outcomes across the HIV care continuum. Intervention strategies that meet the review criteria verified by HRSA contractors and approved by HRSA program staff through this data collection will be considered best practices and made available through the online

compilation for consideration, adaptation, and replication by other HIV programs. In addition, the best practices will support peer exchange to resolve problems impacting HIV care and treatment and eliminating disparities in health outcomes.

Likely Respondents: RWHAP recipients and subrecipients that voluntarily submit a best practice strategy or intervention will participate in the data collection. The project team expects that up to 70 recipients and subrecipients will complete the screening form and 50 will screen eligible and complete the full submission form. For the site visits, the project team will strategically select 30 sites from the universe of submitted eligible initiatives, ensuring a range of scores and representativeness of factors such as Census region, proposed strategy/intervention outcome, priority population, and the type of agency or

provider implementing the strategy or intervention.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Pre-Submission Screening Form	70	1	70	0.08	5.60
Submission Form	50	1	50	3.00	150.00
Site Visit Discussion Guide	120	1	120	0.75	* 90.00
Program Manager Interview	30	1	30	1.50	45.00
Direct Service Provider Interview	60	1	60	0.50	30.00
Evaluator Interview	30	1	30	0.50	15.00
Total	** 240		240		245.60

* For a total of 90 hours, each of the 30 site visits will include 1.5-hour interviews with a program manager (45 hours), up to two 0.5-hour interviews with direct service providers (30 hours), and an 0.5-hour interview with an evaluator (15 hours).*

** The total number of respondents is 240 as comprised by the number of respondents for the pre-submission screening form (70), the submission form (50), and the site visit discussion guide (120).

Maria G. Button,

Director, Division of the Executive Secretariat.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request; Public Comment Request; Hospital Campaign for Organ Donation Scorecard, OMB No. 0915-0373, Revision

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995,

HRSA submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.

DATES: Comments on this ICR should be received no later than November 12, 2019.

ADDRESSES: Submit your comments, including the ICR Title, to the desk officer for HRSA, either by email to OIRA_submission@omb.eop.gov or by fax to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at paperwork@hrsa.gov or call (301) 443-1984.

SUPPLEMENTARY INFORMATION:

Information Collection Request Title: Hospital Campaign for Organ Donation Scorecard OMB No. 0915-0373, Revision

Abstract: HRSA's Hospital Campaign for Organ Donation enlists healthcare organizations nationwide to increase the number of registered organ, eye, and tissue donors by hosting education and donor registration events in their facilities and communities. A scorecard identifies activities that participants can implement and assigns points to each activity. Participants that earn a certain number of points annually are recognized by HRSA and the campaign's national partners.

For this information collection request, the proposed change to the Scorecard is the addition of the 2020 date. HRSA also intends to create a new electronic version of the Scorecard for future campaigns that will ultimately reduce the level of burden for

participants. The electronic version will be designed to be user-friendly, will take less time to complete, and will provide HRSA with data throughout the campaign rather than once a year.

Another benefit of an electronic scorecard is that it will eliminate the possibility of human error as information will no longer be manually entered into a database.

A 60-day notice was published in the **Federal Register** on July 2, 2019, Vol. 84, 127; pp. 31602–31603.

Need and Proposed Use of the Information: There is a substantial imbalance in the U.S. between the number of people whose lives depend on organ transplants (currently more than 113,000) and the annual number of organ donors (approximately 14,000 living and deceased). This imbalance results in about 7,300 waiting list deaths annually. In response to the need for

increased donation, HRSA conducts public outreach initiatives to encourage the American public to sign up on state donor registries as future organ donors.

The Scorecard motivates and facilitates healthcare organizations' participation in the campaign, provides the basis for rewarding participants for their accomplishments, and enables HRSA to measure and evaluate campaign process and outcomes. The scorecard also enables HRSA to make data-based decisions and improvements for subsequent campaigns.

Likely Respondents: The likely respondents include the following: Hospital development and public relations staff of organ procurement and other donation organizations; hospital staff such as nurses or public relations/communications professionals; staff at physician's offices, health clinics, and emergency medical services; and

volunteers that work with healthcare organizations on organ donation initiatives.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Activity Scorecard (online)	1,400	1	1,400	.25	350
Total	1,400		1,400		350

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request; Information Collection Request Title: Nurse Corps Loan Repayment Program; Information Collection Request Title: Nurse Corps Loan Repayment Program, OMB No. 0915–0140—Revision

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR should be received no later than December 9, 2019.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 14N136B, 5600 Fishers Lane, Rockville, Maryland 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at (301) 443–1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the ICR title for reference.

Information Collection Request Title: Nurse Corps Loan Repayment Program OMB No. 0915–0140—Revision

Abstract: The Nurse Corps Loan Repayment Program (Nurse Corps LRP) assists in the recruitment and retention of professional Registered Nurses (RNs) by decreasing the financial barriers associated with pursuing a nursing education. RNs in this instance include advanced practice RNs (e.g., nurse practitioners, certified registered nurse anesthetists, certified nurse-midwives,
