

therefore, consistent with the requirements of Rule 17Ad-22(e)(2).

Rule 17Ad-22(e)(3)¹⁵ requires that a covered clearing agency maintain a sound risk management framework for comprehensively managing legal, credit, liquidity, operational, general business, investment, custody, and other risks that arise in or are borne by the covered clearing agency, which must include plans for the recovery and orderly wind-down of the covered clearing agency necessitated by credit losses, liquidity shortfalls, losses from general business risk, or any other losses. The RP is designed to maintain the continuity of critical services in times of extreme stress and to facilitate the recovery of LCH SA in the event of extreme (loss) scenarios, as part of LCH SA's comprehensive risk management framework. As described above, the RP seeks to identify those services which could impact the continuity of LCH SA's operations, implement early warning indicators to identify potential recovery scenarios and define the triggers for initiating the RP, and clearly identify the recovery tools available under the RP. Accordingly, LCH SA believes the RP is consistent with Rule 17Ad-22(e)(3).¹⁶

B. Clearing Agency's Statement on Burden on Competition

Section 17A(b)(3)(I) of the Act requires that the rules of a clearing agency not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.¹⁷ LCH SA does not believe the proposed rule change would impact or impose any burden on competition. The proposed rule change would establish and maintain LCH SA's RP in accordance with the CCA rules. The RP would not affect clearing member's access to services offered by LCH SA or impose any direct burden on clearing members. To the contrary, the RP seeks to identify the key risks and to establish appropriate recovery measures to ensure LCH SA's ability to operate in the event of an extreme loss. Accordingly, the proposed rule change would not unfairly inhibit market participants' access to LCH SA's services or disadvantage or favor any particular user in relationship to another user. Therefore, LCH SA does not believe that the proposed rule change imposes any burden on competition that is not necessary or

appropriate in furtherance of the purposes of the Act.

C. Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. LCH SA will notify the Commission of any written comments received by LCH SA.

D. Extension of Time Period for Commission Action

LCH SA does not consent to the extension of the time period listed in Section 19(b)(2) of the Securities Exchange Act of 1934 for Commission action.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

Rule 0-4, SEC File No. 270-569, OMB Control No. 3235-0633

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission

plans to submit this collection of information to the Office of Management and Budget for extension and approval.

Rule 0–4 (17 CFR 275.0–4) under the Investment Advisers Act of 1940 (“Act” or “Advisers Act”) (15 U.S.C. 80b–1 *et seq.*) entitled “General Requirements of Papers and Applications,” prescribes general instructions for filing an application seeking exemptive relief with the Commission. Rule 0–4 currently requires that every application for an Order for which a form is not specifically prescribed and which is executed by a corporation, partnership or other company and filed with the Commission contain a statement of the applicable provisions of the articles of incorporation, bylaws or similar documents, relating to the right of the person signing and filing such application to take such action on behalf of the applicant, and a statement that all such requirements have been complied with and that the person signing and filing the application is fully authorized to do so. If such authorization is dependent on resolutions of stockholders, directors, or other bodies, such resolutions must be attached as an exhibit to or quoted in the application. Any amendment to the application must contain a similar statement as to the applicability of the original statement of authorization. When any application or amendment is signed by an agent or attorney, rule 0–4 requires that the power of attorney evidencing his authority to sign shall state the basis for the agent’s authority and shall be filed with the Commission. Every application subject to rule 0–4 must be verified by the person executing the application by providing a notarized signature in substantially the form specified in the rule. Each application subject to rule 0–4 must state the reasons why the applicant is deemed to be entitled to the action requested with a reference to the provisions of the Act and rules thereunder, the name and address of each applicant, and the name and address of any person to whom any questions regarding the application should be directed. Rule 0–4 requires that a proposed notice of the proceeding initiated by the filing of the application accompany each application as an exhibit and, if necessary, be modified to reflect any amendment to the application.

The requirements of rule 0–4 are designed to provide Commission staff with the necessary information to assess whether granting the Orders of exemption are necessary and appropriate in the public interest and consistent with the protection of

investors and the intended purposes of the Act.

Applicants for Orders under the Advisers Act can include registered investment advisers, affiliated persons of registered investment advisers, and entities seeking to avoid investment adviser status, among others. Commission staff estimates that it receives up to 4 applications per year submitted under rule 0–4 of the Act seeking relief from various provisions of the Advisers Act and, in addition, up to 3 applications per year submitted under Advisers Act rule 206(4)–5, which addresses certain “pay to play” practices and also provides the Commission the authority to grant applications seeking relief from certain of the rule’s restrictions. Although each application typically is submitted on behalf of multiple applicants, the applicants in the vast majority of cases are related entities and are treated as a single respondent for purposes of this analysis. Most of the work of preparing an application is performed by outside counsel and, therefore, imposes no hourly burden on respondents. The cost outside counsel charges applicants depends on the complexity of the issues covered by the application and the time required. Based on conversations with applicants and attorneys, the cost for applications ranges from approximately \$13,600 for preparing a well-precedented, routine (or otherwise less involved) application to approximately \$212,800 to prepare a complex or novel application. We estimate that the Commission receives 1 of the most time-consuming applications annually, 3 applications of medium difficulty, and 3 of the least difficult applications subject to rule 0–4.¹ This distribution gives a total estimated annual cost burden to applicants of filing all applications of \$392,500 [(1 × \$212,800) + (3 × \$46,300) + (3 × \$13,600)]. The estimate of annual cost burden is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms.

The requirements of this collection of information are required to obtain or retain benefits. Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of

information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Charles Riddle, Acting Director/Chief Information Officer, Securities and Exchange Commission, C/O Candace Kenner, 100 F Street NE, Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.

Dated: October 24, 2019.

Deputy Secretary.
