The area described is approximately 630 acres in Riverside County, California.

The closure is necessary because of public health and safety risks caused by the potential for unknown unexploded ordnance and other hazardous materials located on the lands. The approximate 630 acres of public lands were transferred to the Department of the Navy for inclusion in the Chocolate Mountain Aerial Gunnery Range and were used as a live-bombing and training facility. Pursuant to section 2966 of Subtitle E of Public Law 113-66, these acres are part of a larger relinquishment of lands (2,000 acres) to the Department of the Interior. The Department of the Navy is in the process of executing a response action plan to clean the contaminated parcels. Once the parcels are decontaminated, the BLM will reopen the lands to the public. The lands are closed to all forms of public entry, including dispersed camping, or other recreational activities on the above described lands.

Exceptions: Temporary closure restrictions do not apply to Federal, State, and local officers and employees in the performance of their official duties; members of organized rescue or fire-fighting forces in the performance of their official duties; and persons with written authorization from the BLM.

Enforcement: Any person who violates this closure may be tried before a United States Magistrate and fined in accordance with 18 U.S.C. 3571, imprisoned no more than 12 months under 43 U.S.C. 1733(a) and 43 CFR 8360.0-7, or both. In accordance with 43 CFR 8365.1-7, State or local officials may also impose penalties for violations of California law.
