

(5) If you have a commercial interest that would be furthered by disclosure, explain how the public interest in disclosure would be greater than any commercial interest you may have in the documents.

(i) Your identity, vocation, and intended use of the requested records are all factors to be considered in determining whether disclosure would be primarily in your commercial interest.

(ii) If you are a representative of a news media organization seeking records as part of the news gathering process, we will ordinarily presume that the public interest outweighs your commercial interest. Disclosure to data brokers or others who merely compile and market government information for direct economic return will not be presumed to primarily serve the public interest.

(iii) If you represent a business/corporation/association or you are an attorney representing such an organization, we will presume that your commercial interest outweighs the public interest unless you demonstrate otherwise.

■ 24. Amend § 2.49 by:

■ a. Removing the word “or” from paragraph (a)(2);

■ b. Redesignating paragraph (a)(3) as (4);

■ c. Adding a new paragraph (a)(3);

■ d. In the newly redesignated paragraph (a)(4), removing the word “previously” and adding in its place the word “already”; and

■ e. In paragraph (e), removing the words “FOIA Public Liaison” and adding in their place the words “FOIA Requester Center”.

The addition reads as follows:

§ 2.49 When will you be notified of anticipated fees?

(a) * * *

(3) Your request does not reasonably describe the records sought and/or does not explicitly state that you will pay all fees associated with the processing of the request, that you will pay fees up to a specified amount, and/or that you are seeking a fee waiver; or

* * * * *

■ 25. In § 2.54, add paragraph (c) to read as set out below:

§ 2.54 When will the bureau combine or aggregate requests?

* * * * *

(c) The bureau may administratively aggregate requests without charging fees accordingly when it reasonably believes you, or a group of requesters acting in concert with you, are dividing a single

request into a series of requests on a single subject or related subjects.

(1) The bureau may presume that multiple requests on a single subject or related subjects made within a 30-day period are dividing a single request into a series of requests.

(2) The bureau may administratively aggregate requests separated by a longer period only where there is a reasonable basis for determining that aggregation is warranted in view of all the circumstances involved.

Subpart I—General Information

■ 26. Revise § 2.66 as follows:

§ 2.66 What are FOIA Requester Centers and the FOIA Public Liaison?

(a) FOIA Requester Centers typically serve as your first point of contact for questions about how the FOIA works. Before and after you make a request, FOIA Requester Centers can assist you by:

(1) Identifying information that is already posted and available;

(2) Informing you about the types of records maintained by the bureau;

(3) Providing guidance on formulating effective requests;

(4) Describing the Department’s various processing tracks and the average processing times for the various tracks;

(5) Answering questions about expedited processing standards and the FOIA’s fee provisions; and

(6) Answering questions about the status of an existing request.

(b) The FOIA Public Liaison is responsible for:

(1) Assisting in reducing delays;

(2) Increasing transparency and understanding of the status of requests; and

(3) Assisting in the resolution of disputes between you and the agency.

(c) If you need further information or assistance after contacting the applicable FOIA Requester Center and the FOIA Public Liaison, you may wish to seek dispute resolution services from the Office of Government Information Services.

(d) Contact information for the FOIA Requester Centers and FOIA Public Liaison is available at <https://www.doi.gov/foia/foiacenters>.

■ 27. Amend § 2.70 by:

■ a. In the definition of “Educational institution”, add a new sentence after the first sentence;

■ b. In the definition of “Multitrack processing”, after the words “first-in/first-out basis” add the words “, but other factors, such as litigation, may affect the sequence and/or timing of processing”; and

■ c. In the definition of “Representative of the news media”, add a new sentence after the first sentence.

§ 2.70 What definitions apply to subparts A through I of this part?

* * * * *

Educational institution * * *

Teachers (if they demonstrate how the requested records will further their teaching, scholarly research, or production of scholarly works) and students (if they demonstrate how the requested records will further their coursework or other school-sponsored activities) may also qualify as an educational institution for the purposes of this definition. * * *

* * * * *

Representative of the news media

* * * Simply distributing copies of released records, electronically or otherwise, does not qualify as using editorial skills to turn the raw materials into a distinct work. * * *

Needs and Uses: The Commission will use the information collected under this information collection to address the requirement that certain carriers now have increased broadband deployment reporting obligations about their locations which meet their broadband deployment public interest obligations via an electronic portal (“portal”). This collection also addresses additional offers of model-based support. With the new additional offers, there will be more carriers subject to the model-based deployment milestones and fewer carriers remaining on legacy support.

In March 2016, the Commission adopted an order reforming its universal

service support program in areas served by rate-of-return carriers. Connect America Fund et al., WC Docket Nos. 10–90 et al., Report and Order, Order and Order on Reconsideration, and Further Notice of Proposed Rulemaking, FCC 16–33 (*2016 Rate-of-Return Order*). In May 2016, the Commission adopted rules to implement a competitive bidding process for Phase II of the Connect America Fund. Connect America Fund et al., WC Docket Nos. 10–90 et al., Report and Order and Further Notice of Proposed Rulemaking, FCC 16–64 (*Phase II Auction Order*). In August 2016, the Commission adopted a plan tailored to certain carriers, both fixed and mobile, serving Alaska. Connect America Fund et al., WC Docket No. 10–90 et al., Report and Order and Further Notice of Proposed Rulemaking, FCC 16–115 (*Alaska Plan Order*). In January 2017 the Commission adopted an order which granted New York State waiver of the Connect America Phase II auction program rules, subject to certain conditions. Connect America Fund et al., WC Docket Nos. 10–90 et al., FCC 17–2 (*New York Auction Order*). Also, in December 2018, the Commission adopted reforms that included additional offers of model-based support and increased broadband deployment obligations. Connect America Fund et al., WC Docket No. 10–90 et al., Report and Order, Further Notice of Proposed Rulemaking and Order on Reconsideration, FCC 18–176 (*2018 Rate-of-Return Order*).

The *2016 Rate-of-Return Order* required that the Universal Service Administrative Company (USAC) establish the portal so that carriers could file their location data with the portal starting in 2017. The *2016 Rate-of-Return Order* required all recipients of Phase II model-based support and rate-of-return carriers to submit geocoded location data and related certifications to the portal. Recipients of Phase II model-based support had been required to file such information in their annual reports due by July 1. The *Phase II Auction Order*, *Alaska Plan Order*, and *New York Auction Order* require carriers to build-out networks capable of meeting their public interest obligations and report, to an online portal, locations to which auction winners had deployed such networks. The *Alaska Plan Order* also made portal reporting requirements for carriers to submit fiber/microwave middle-mile network maps.
