Title of Collection: National Underground Railroad Network to Freedom Program.

OMB Control Number: 1024–0232.

Form Number: NPS Form 10–946, “National Underground Railroad Network to Freedom Application.”

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Individuals; businesses; nonprofit organizations; and Federal, State, tribal, and local governments.

Respondent’s Obligation: Required to obtain or retain a benefit.

Total Estimated Annual Nonhour Burden Cost: None.

Activity	Estimated number of annual responses	Completion time per response (hours)	Estimated total annual burden hours
Network Application (Form 10–946)	25	160	1,000
Partner Request	2	.5	1
Totals	27		1,001

We are reporting 400 fewer burden hours, due to a decrease in responses. The burden hour per response remains the same. Due to staffing shortages and decreased activity in the program, the resulting annualized cost for administering the program are lower than the last reporting period. When vacant positions are filled, the number of responses and costs are expected to rise to previous levels.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Comments that you submit in response to this notice are a matter of public record. BOEM will include or summarize each comment in its request to the Office of Management and Budget (OMB) for approval of this ICR. You should be aware that your entire comment—including your address, phone number, email address, or other personal identifying information—may be made publicly available at any time. While you can ask BOEM in your comment to withhold your personally identifiable information from public review, BOEM cannot guarantee that it will be able to do so.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior's implementing regulations (43 CFR part 2), and under regulations at 30 CFR parts 550 and 552 promulgated pursuant to the Outer Continental Shelf Lands Act (OCSLA) at 43 U.S.C. 1352(c).

Abstract: This information collection request concerns the paperwork requirements in the regulations in 30 CFR part 553, Oil Spill Financial Responsibility for Offshore Facilities, including any supplementary notices to lessees and operators that provide clarification, description, or explanation of these regulations; and forms BOEM-1016 through 1023, and BOEM-1025.

BOEM uses forms to collect information to ensure proper and efficient administration of Oil Spill Financial Responsibility. BOEM collects information to:

- Provide a standard method for establishing eligibility for oil spill financial responsibility for offshore facilities;
- Identify and maintain a record of those offshore facilities that have a potential oil spill liability;

- Establish and maintain a continuous record of financial evidence accepted to assure payment of claims for oil spill cleanup and damages resulting from operations conducted on covered offshore facilities and the transportation of oil from covered offshore facilities;

- Establish and maintain a continuous record of responsible parties, as defined in Title I of the Oil Pollution Act of 1990, and their agents or Authorized Representatives for oil spill financial responsibility for covered offshore facilities; and

- Establish and maintain a continuous record of persons to contact and U.S. Agents for Service of Process for claims associated with oil spills from covered offshore facilities.

Title of Collection: 30 CFR 553, Oil Spill Financial Responsibility for Offshore Facilities.

OMB Control Number: 1010-0106.

Form Number:

- BOEM-1016, Designated Applicant Information Collection;
- BOEM-1017, Appointment of Designated Applicant;
- BOEM-1018, Self-Insurance Information;

- BOEM-1019, Insurance Certificate;
- BOEM-1020, Surety Bond;
- BOEM-1021, Covered Offshore Facilities;
- BOEM-1022, Covered Offshore Facility Changes;
- BOEM-1023, Financial Guarantee; and

- BOEM-1025, Independent Designated Applicant Information Certification.

Type of Review: Renewal with revisions of a currently approved information collection.

Respondents/Affected Public: Holders of leases, permits, right-of-way grants, and right-of-use and easement grants in the OCS and in State coastal waters who are responsible parties and/or who will appoint designated applicants. Other respondents may be the designated applicants' insurance agents and brokers, bonding companies, and guarantors. Some respondents may also be claimants.

Total Estimated Number of Annual Responses: 1,823 responses.

Total Estimated Number of Annual Burden Hours: 22,133 hours.

Respondent's Obligation: Mandatory.
Frequency of Collection: On occasion or annual.

Total Estimated Annual Non-hour Burden Cost: None.

Estimated Reporting and Recordkeeping Hour Burden: The current annual burden hours for this collection are 22,132 hours. BOEM proposes to increase the annual burden

hours to 22,133 hours to account for a requirement under 30 CFR 553.62 not previously counted. BOEM, under 30 CFR 553.62, requires the designated applicant to notify their guarantors and responsible parties within 15 calendar days of receiving a claim for removal costs and damages. BOEM's plans to add one annual burden hour under 30 CFR 553.62 to account for the burden. The burden was not previously counted in this OMB control number, because it was thought to overlap with the U.S. Coast Guard's requirements.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Authority: The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Chief, Office of Policy, Regulations, and Analysis.
