EXECUTIVE OFFICE OF THE PRESIDENT

Office of National Drug Control Policy

Submission for Review: Survey on the Treatment of Opioid Use Disorders

AGENCY: Office of National Drug Control Policy.

ACTION: 30-Day notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Office of National Drug Control Policy (ONDCP) announces it will submit to the Office of Management and Budget (OMB) and Office of Information and Regulatory Affairs (OIRA) an information collection request. This

proposed information collection was previously published in the **Federal Register** of October 8, 2019 and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

DATES: ONDCP encourages and will accept public comments on or before 30 days after the date of this publication.

ADDRESSES: Address all comments in writing within 30 days to Jayme Delano, Deputy Director, National HIDTA Program Office. Email is the most reliable means of communication. Ms. Delano's email address is Jayme_A_Delano@ondcp.eop.gov.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact the Executive Office of the President, Office of National Drug Control Policy, attention: Jayme Delano or sent via electronic mail at Jayme_A_Delano@ondcp.eop.gov. Formal requests for additional plans and instruments must be in writing. Copies of documents submitted to OMB and other information is available from Ms. Delano who may be contacted at 202–395–6794.

SUPPLEMENTARY INFORMATION: The Office of National Drug Control Policy desires to learn how adult drug courts are responding to the opioid epidemic. To do so, we propose to conduct a survey of 269 drug courts in the counties with the highest total opioid-related overdoses and the highest opioid-related overdose rates. The aim of the survey is to learn more about adult drug courts' efforts to serve persons suffering from opioid use disorders, focusing particularly on the use of medication-assisted treatment (MAT). An earlier survey from 2012 found that nearly half of drug courts were not using MAT or had blanket prohibitions against methadone or buprenorphine. At the same time, ONDCP funded a suite of resources to increase uptake of MAT in treatment courts, including online and in-person training workshops, practitioner fact sheets, pocket guides for staff members and participants, professional tool kits, and sample policies and procedures materials. The proposed survey will examine what impact these and other efforts have had in making MAT more widely available to patients in need of these lifesaving treatments and enhancing practitioner knowledge and acceptance. ONDCP published this information collection on October 8, 2019 at 84 FR 53762.
