

the proposed consent decree, EPA shall take actions regarding the remaining claim by the deadlines established in the proposed consent decree.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

## II. Additional Information About Commenting on the Proposed Consent Decree

### A. How can I get a copy of the consent decree?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2019-0683) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through [www.regulations.gov](http://www.regulations.gov). You may use [www.regulations.gov](http://www.regulations.gov) to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search."

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at [www.regulations.gov](http://www.regulations.gov) without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material

contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

### B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the [www.regulations.gov](http://www.regulations.gov) website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through [www.regulations.gov](http://www.regulations.gov), your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-10003-22-Region 4]

### Public Water System Supervision Program Revision for the State of Tennessee

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of intended approval.

**SUMMARY:** Notice is hereby given that the State of Tennessee is revising its approved Public Water System Supervision Program. Tennessee has adopted drinking water regulations for the Revised Total Coliform Rule. The Environmental Protection Agency (EPA) has determined that Tennessee's regulations are no less stringent than the federal rule and the revision otherwise meets applicable Safe Drinking Water Act requirements. Therefore, EPA intends to approve this revision to the State of Tennessee's Public Water System Supervision Program.

**DATES:** Any interested person may request a public hearing. A request for a public hearing must be submitted by January 16, 2020, to the Regional Administrator at the EPA Region 4 street address shown below. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. However, if a substantial request for a public hearing is made by January 16, 2020, a public hearing will be held. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become final and effective on January 16, 2020. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

**ADDRESSES:** Documents relating to this determination are available for inspection between the hours of 9:00 a.m. and 4:00 p.m., Monday through Friday (excluding legal holidays) at the following locations: The main office of the Division of Water Resources, Tennessee Department of Environment

and Conservation, William R. Snodgrass—Tennessee Tower, 11th Floor, 312 Rosa L. Parks Avenue, Nashville, Tennessee 37243; and the Drinking Water Section, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303.

**FOR FURTHER INFORMATION CONTACT:** Dale Froneberger, EPA Region 4, Drinking Water Section, by mail at the Atlanta street address given above, by telephone at (404) 562-9446, or by email at [froneberger.dale@epa.gov](mailto:froneberger.dale@epa.gov).

**SUPPLEMENTARY INFORMATION:** The State of Tennessee has submitted a request that EPA approve a revision to the State's Safe Drinking Water Act Public Water System Supervision Program to include the authority to implement and enforce the Revised Total Coliform Rule. For the request to be approved, EPA must find the state regulations codified at Tenn. Comp. R. & Regs. 0400-45-01 to be no less stringent than the federal rule codified at 40 CFR part 141. EPA reviewed Tennessee's application using the federal statutory provisions (Section 1413 of the Safe Drinking Water Act), federal regulations (at 40 CFR parts 141 and 142), state regulations, state policies and procedures for implementing the rule, regulatory crosswalk, and EPA regulatory guidance to determine whether the request for revision is approvable. EPA determined that the Tennessee regulations are no less stringent than the corresponding federal rule and the revision otherwise meets applicable Safe Drinking Water Act requirements. Therefore, EPA intends to approve this revision. If EPA does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this approval shall become final and effective on January 16, 2020.

**Authority:** Section 1413 of the Safe Drinking Water Act, as amended (1996), and 40 CFR part 142.

Dated: December 2, 2019.

## FEDERAL DEPOSIT INSURANCE CORPORATION

### Sunshine Act Meeting

**TIME AND DATE:** 3:49 p.m. on Thursday, December 12, 2019.

**PLACE:** The meeting was held in the Board Room located on the sixth floor

of the FDIC Building located at 550 17th Street NW, Washington, DC.

**STATUS:** Closed.

**MATTERS TO BE CONSIDERED:** In calling the meeting, the Board determined, on motion of Director Joseph M. Otting (Comptroller of the Currency), seconded by Director Martin J. Gruenberg, and concurred in by Director Kathleen L. Kraninger (Director, Consumer Financial Protection Bureau), and Chairman Jelena McWilliams, that Corporation business required its consideration of the matters which were to be the subject of this meeting on less than seven days' notice to the public; that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matters in a meeting open to public observation; and that the matters could be considered in a closed meeting by authority of subsections (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), and (c)(9)(B) of the "Government in the Sunshine Act" (5 U.S.C. 552b(c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), and (c)(9)(B)).

**CONTACT PERSON FOR MORE INFORMATION:** Requests for further information concerning the meeting may be directed to Mr. Robert E. Feldman, Executive Secretary of the Corporation, at 202-898-7043.

Dated at Washington, DC, on, December 12, 2019.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[CDC-2019-0111, NIOSH-332]

#### Request for Information on Toxicological and Physicochemical Data of Engineered Nanomaterials To Evaluate in Developing Categorical Occupational Exposure Limits (OELs)

**AGENCY:** National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Request for information.

**SUMMARY:** The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC) intends to

evaluate the scientific data on engineered nanomaterials (ENMs) to develop categorical occupational exposure limits (OELs) based on the available scientific evidence regarding the hazard or safety of these materials.

NIOSH seeks to obtain materials, including published and unpublished reports and research findings, to evaluate the possible adverse health risks of occupational exposure to ENMs.

**DATES:** Electronic or written comments must be received by February 18, 2020.

**ADDRESSES:** You may submit comments, identified by CDC-2019-0111 and Docket Number NIOSH-332, by either of the two following methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov>. Follow the instructions for submitting comments.

- **Mail:** NIOSH Docket Office, Robert A. Taft Laboratories, MS-C34, 1090 Tusculum Avenue, Cincinnati, OH 45226.

**Instructions:** All information received in response to this notice must include the agency name and docket number [CDC-2019-0111; NIOSH-332]. All relevant comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. All electronic comments should be formatted in Microsoft Word. Please make reference to CDC-2019-0111 and Docket Number NIOSH-332.

**FOR FURTHER INFORMATION CONTACT:** Nathan M. Drew, MS, NIOSH, MS-C14, 1090 Tusculum Avenue, Cincinnati, OH 45226, telephone (513) 533-8352.

**SUPPLEMENTARY INFORMATION:** In 2017, NIOSH contributed to the International Organization for Standardization (ISO) technical report on frameworks for developing OELs for nano-objects [ISO 2016]. In 2019, NIOSH published a Technical Report on occupational exposure banding guidance [NIOSH 2019]. The information presented in these Technical Reports represents the most recent update of the scientific rationale and methodology for establishing hazard values for chemicals, which includes ENMs.

The development of an OEL for an individual chemical involves a critical review of the available scientific data in humans and animals to identify relevant studies and to characterize the various lines of evidence that can support the derivation of the OEL. NIOSH requests information for ENMs to include human, animal, and cellular toxicology data, including but not limited to: Acute, subchronic, or chronic data; the physicochemical characterization of those ENMs; and other information about the biological mechanisms and
