ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA and Other Federal Agencies.

SUMMARY: This notice announces actions taken by FHWA and other Federal agencies that are final. The actions relate to a proposed highway project for the construction of US–641/State Route (SR) 54 from just north of Puryear in Henry County, Tennessee to just south of Murray in Calloway County, Kentucky. Those actions grant licenses, permits, and approvals for the project. The FHWA's Finding of No Significant

proposed action will provide a facility for safe and efficient movement of traffic and freight in the region, particularly between I-24, I-40, and I-69. The Selected Alternative proposes the construction of two roadway sections within the project. The southern portion constructs US-641/SR-54 from north of Howard Road to the Tennessee-Kentucky State Line and consists of two 12-foot travel lanes in each direction, a 14-foot turning lane, and 8-foot outside shoulders, within an approximate 300-foot right-of-way (ROW). Construction will be phased to initially build a three-lane section with intent for future widening to the ultimate five-lane configuration. The northern portion of the project constructs US-641 from the Tennessee-Kentucky State Line to just south of the bridge over the Middle Fork of the Clarks River and consists of two 12-foot travel lanes in each direction, 4-foot inside shoulders, 10-foot outside shoulders, and a 48-foot depressed median, within an approximate 330-foot ROW.

The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) for the project, approved on July 17, 2019, and in the FHWA FONSI issued on November 15, 2019, and in other documents in the FHWA project records. [Docket No. FMCSA–2019–0108]

Agency Information Collection Activities; Approval of a Renewal Information Collection Request: Commercial Driver's License Drug and Alcohol Clearinghouse

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR)

described below to the Office of Management and Budget (OMB) for review and approval. The FMCSA requests to renew an ICR titled, “Commercial Driver's License Drug and Alcohol Clearinghouse.” The Agency's final rule, published December 5, 2016, titled “Commercial Driver's License Drug and Alcohol Clearinghouse” (Clearinghouse) established the regulatory requirements for the Clearinghouse. The compliance date of the final rule is January 6, 2020. Since the original ICR was approved, FMCSA has opened the Clearinghouse to user registration, resulting in the collection of user contact information. With the upcoming compliance date, this ICR is needed to ensure that Clearinghouse querying and reporting requirements are met to improve compliance with the existing requirement that Commercial Driver's License (CDL) or Commercial Learner's Permit (CLP) holders who have drug or alcohol testing violations cannot perform safety-sensitive functions, including driving a commercial motor vehicle (CMV), without participating in the required return-to-duty process.
