

reports transmitted to Congress (Section 108(b)), and track the acres of habitat restored. Project information collected and maintained is made available to the public through project summaries. The database contains project information for projects funded through the ERA that meet quality control requirements and data standards established under the Act. This information collection is a requirement only for those parties receiving ERA funds.

Affected Public: Not-for-Profit Institutions, and State, Local, or Tribal Government.

Frequency: Annual.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XV152]

South Atlantic Fishery Management Council; Public Hearings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a series of public hearings via webinar pertaining to Framework Amendment 9 to the Fishery Management Plan for Coastal Migratory Pelagic Resources in the Gulf of Mexico and Atlantic Region. The amendment addresses commercial trip limits in the Atlantic Northern Zone for commercial Spanish mackerel.

DATES: The public hearings will be held via webinar on January 22 and 23, 2020. See **SUPPLEMENTARY INFORMATION**.

ADDRESSES: *Council address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The public hearings will be conducted via webinar, accessible via the internet from the Council's website at <https://safmc.net/safmc-meetings/public-hearings-scoping-meetings/>. The public hearings will begin at 6 p.m. Registration for the webinars is required. Registration information will be posted on the Council's website as it becomes available. Public comments must be received by 5 p.m. on February 7, 2020.

Framework Amendment 9 to the Coastal Migratory Pelagics FMP

The draft amendment currently addresses commercial Spanish mackerel trip limits in the Atlantic Northern Zone (New York/Connecticut/Rhode Island line to the North Carolina/South Carolina line). Stakeholders have expressed concern about closures to commercial Spanish mackerel harvest in federal waters off the Atlantic Northern Zone. Framework Amendment 9 proposes a trip limit reduction in the Northern Zone to help extend the commercial Spanish mackerel season in federal waters.

During the public hearings, Council staff will present an overview of the amendment and will be available for informal discussions and to answer questions via webinar. Members of the public will have an opportunity to go on record to record their comments for consideration by the Council.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the council office (see **ADDRESSES**) 3 days prior to the meeting.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 19, 2019.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XR080

Endangered and Threatened Species; Notice of Initiation of a 5-Year Review of Northwest Atlantic Ocean and Seven Foreign Distinct Population Segments of Loggerhead Sea Turtle

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce, and Fish and Wildlife Service (USFWS), Interior.

ACTION: Notice of initiation of 5-year review; request for information.

SUMMARY: NMFS and USFWS announce the initiation of a 5-year review for the following distinct population segments (DPS) of loggerhead sea turtle (*Caretta caretta*): The Mediterranean Sea DPS, the Northeast Atlantic Ocean DPS, the North Indian Ocean DPS, the South Pacific Ocean DPS, the Northwest Atlantic Ocean DPS, the South Atlantic Ocean DPS, the Southeast Indo-Pacific Ocean DPS, and the Southwest Indian Ocean DPS. NMFS and USFWS are required by the Endangered Species Act (ESA) to conduct 5-year reviews to ensure that the listing classifications of species are accurate. The 5-year review must be based on the best scientific and commercial data available at the time of the review. We request submission of any such information on these loggerhead DPSs, particularly information on the status, threats, and recovery of the DPSs that has become available since their listing on September 22, 2011 (76 FR 58868).

DATES: To allow us adequate time to conduct this review, we must receive your information no later than February 24, 2020.

ADDRESSES: You may submit information on this document, identified by NOAA-NMFS-2019-0150, by either of the following methods:

- **Electronic Submission:** Submit electronic information via the Federal e-Rulemaking Portal. Go to www.regulations.gov and enter NOAA-NMFS-2019-0150. Click on the "Comment Now!" icon and complete the required fields. Enter or attach your comments.

- **Mail:** Submit written comments to Adrienne Lohe, Endangered Species Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13626, Silver Spring, MD 20910.

Instructions: Comments sent by any other method, to any other address or

individual, or received after the end of the specified period, may not be considered. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive or protected information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous submissions (enter "N/A" in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Adrienne Lohe at the above address, by phone at (301) 427-8442 or Adrienne.Lohe@noaa.gov.

SUPPLEMENTARY INFORMATION: This notice announces our review of the following loggerhead sea turtle DPSs: The endangered Mediterranean Sea DPS, the endangered Northeast Atlantic Ocean DPS, the endangered North Indian Ocean DPS, the endangered South Pacific Ocean, the threatened Northwest Atlantic Ocean DPS, the threatened South Atlantic Ocean DPS, the threatened Southeast Indo-Pacific Ocean DPS, and the threatened Southwest Indian Ocean DPS (76 FR 58868; September 22, 2011). It does not include the North Pacific Ocean DPS review, which we initiated in 2016 (81 FR 70394; October 12, 2016). Section 4(c)(2)(A) of the ESA requires that we conduct a review of listed species at least once every 5 years. This will be the first review of the Northwest Atlantic Ocean and foreign loggerhead DPSs since they were listed in 2011. The regulations in 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing species currently under active review. On the basis of such reviews under section 4(c)(2)(B), we determine whether any species should be removed from the list (*i.e.*, delisted) or reclassified from endangered to threatened or from threatened to endangered (16 U.S.C. 1533(c)(2)(B)). As described by the regulations in 50 CFR 424.11(e), the Secretary shall delist a species if the Secretary finds that, after conducting a status review based on the best scientific and commercial data available: (1) The species is extinct; (2) the species does not meet the definition of an endangered species or a threatened species; and/or (3) the listed entity does not meet the statutory definition of a species. Any change in Federal classification would require a separate rulemaking process.

Background information on all DPSs of loggerhead is available on the NMFS

website at: <https://www.fisheries.noaa.gov/species/loggerhead-turtle>.

Public Solicitation of New Information

To ensure that the reviews are complete and based on the best available scientific and commercial information, we are soliciting new information from the public, governmental agencies, Tribes, the scientific community, industry, environmental entities, and any other interested parties concerning the status of all loggerhead DPSs other than the North Pacific Ocean DPS. Categories of requested information include: (1) Species biology including, but not limited to, population trends, distribution, abundance, demographics, and genetics; (2) habitat conditions including, but not limited to, amount, distribution, and important features for conservation; (3) status and trends of threats to the species and its habitats; (4) conservation measures that have been implemented that benefit the species, including monitoring data demonstrating effectiveness of such measures; (5) need for additional conservation measures; and (6) other new information, data, or corrections including, but not limited to, taxonomic or nomenclatural changes and improved analytical methods for evaluating extinction risk.

If you wish to provide information for the reviews, you may submit your information and materials electronically or via mail (see **ADDRESSES** section). We request that all information be accompanied by supporting documentation such as maps, bibliographic references, or reprints of pertinent publications. We also would appreciate the submitter's name, address, and any association, institution, or business that the person represents; however, anonymous submissions will also be accepted.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: December 18, 2019.

Angela Somma,

Chief, Endangered Species Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Marine Recreational Information Program Fishing Effort Survey.

OMB Control Number: 0648-0652.

Form Number(s): None.

Type of Request: Regular.

Number of Respondents: 114,868.

Average Hours per Response: 5 minutes.

Burden Hours: 9,687.

Needs and Uses: Marine recreational anglers are surveyed to collect catch and effort data, fish biology data, and angler socioeconomic characteristics. These data are required to carry out provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), as amended, regarding conservation and management of fishery resources.

Marine recreational fishing catch and effort data are collected through a combination of mail surveys, telephone surveys and on-site intercept surveys with recreational anglers. The Marine Recreational Information Program (MRIP) Fishing Effort Survey (FES) is a self-administered, household mail survey that samples from a residential address frame to collect data on the number of recreational anglers and the number of recreational fishing trips. The survey estimates marine recreational fishing activity for all coastal states from Maine through Mississippi, as well as Hawaii and Puerto Rico.

FES estimates are combined with estimates derived from complementary surveys of fishing trips, the Access-Point Angler Intercept Survey, to estimate total, state-level fishing catch, by species. These estimates are used in the development, implementation, and monitoring of fishery management programs by NOAA Fisheries, regional fishery management councils, interstate marine fisheries commissions, and state fishery agencies.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow
