

authority for the information collection requirements is found at Sec. 258 [47 U.S.C. 258] Illegal Changes In Subscriber Carrier Selections, Public Law 104–104, 110 Stat. 56.

Total Annual Burden: 87,173 hours.

Total Annual Cost: 26,300,00.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC's system of records notice (SORN), FCC/CGB–1, "Informal Complaints, Inquiries, and Requests for Dispute Assistance." As required by the Privacy Act, 5 U.S.C. 552a, the Commission also published a SORN, FCC/CGB–1 "Informal Complaints, Inquiries, and Requests for Dispute Assistance", in the **Federal Register** on August 15, 2014 (79 FR 48152) which became effective on September 24, 2014.

Privacy Impact Assessment: The FCC completed a Privacy Impact Assessment (PIA) on June 28, 2007. It may be reviewed at <http://www.fcc.gov/omd/privacyact/Privacy-Impact-Assessment.html>. The Commission is in the process of updating the PIA to incorporate various revisions to it as a result of revisions to the SORN.

Needs and Uses: Section 258 of the Telecommunications Act of 1996 (1996 Act) directed the Commission to prescribe rules to prevent the unauthorized change by telecommunications carriers of consumers' selections of telecommunications service providers (slamming). On March 17, 2003, the FCC released the *Third Order on Reconsideration and Second Further Notice of Proposed Rulemaking*, CC Docket No. 94–129, FCC 03–42 (*Third Order on Reconsideration*), in which the Commission revised and clarified certain rules to implement section 258 of the 1996 Act. On May 23, 2003, the Commission released an *Order* (CC Docket No. 94–129, FCC 03–116) clarifying certain aspects of the *Third Order on Reconsideration*. On January 9, 2008, the Commission released the *Fourth Report and Order*, CC Docket No. 94–129, FCC 07–223, revising its requirements concerning verification of a consumer's intent to switch carriers.

The *Fourth Report and Order* modified the information collection requirements contained in § 64.1120(c)(3)(iii) of the Commission's rules to provide for verifications to elicit "confirmation that the person on the call understands that a carrier change, not an upgrade to existing service, bill consolidation, or any other misleading description of the transaction, is being authorized."

Total Annual Burden: 17,580 hours.

Total Annual Cost: \$1,054,800.

Privacy Impact Assessment: No impact.

Nature and Extent of Confidentiality: There is no need for confidentiality with respect to this collection of information.

Needs and Uses: Commercial full-power and Class A television broadcast stations are required to file FCC Form 2100, Schedule H (formerly FCC Form 398) (Children's Television Programming Report) within 30 days after the end of each calendar year. FCC Form 2100, Schedule H is a standardized form that: (a) Provides a consistent format for reporting the children's educational television programming aired by licensees to meet their obligation under the Children's Television Act of 1990 (CTA), and (b) facilitates efforts by the public and the FCC to monitor compliance with the CTA.

Commercial full-power and Class A television stations are required to complete FCC Form 2100, Schedule H within 30 days after the end of each calendar year and file the form with the Commission. The Commission places the form in the station's online public inspection file maintained on the Commission's database (www.fcc.gov). Stations use FCC Form 2100, Schedule H to report, among other things, the Core Programming (*i.e.*, children's educational and informational programming) the station aired the previous calendar year. FCC Form 2100, Schedule H also includes a "Preemption Report" that must be completed for each Core Program that was preempted during the year. This "Preemption Report" requests information on the reason for the preemption, the date of each preemption, the reason for the preemption and, if the program was rescheduled, the date and time the program was re-aired.

On July 10, 2019, the Commission adopted a *Report and Order* in MB Docket Nos. 18–202 and 17–105, FCC 19–67, *In the Matter of Children's Television Programming Rules; Modernization of Media Regulation Initiative*, which modernizes the children's television programming rules in light of changes to the media landscape that have occurred since the rules were first adopted. Among other revisions, the *Report and Order* revises the children's television programming rules to expand the Core Programming hours to 6:00 a.m. to 10:00 p.m.; modify the safe harbor processing guidelines for determining compliance with the children's programming rules; require that broadcast stations air the substantial majority of their Core Programming on their primary program streams, but permit broadcast stations to

air up to 13 hours per quarter of regularly scheduled weekly programming on a multicast stream; eliminate the additional processing guideline applicable to stations that multicast; and modify the rules governing preemption of Core Programming. In addition, the *Report and Order* revises the children's television programming reporting requirements by requiring that Children's Television Programming Reports (FCC Form 2100, Schedule H) be filed on an annual rather than quarterly basis, within 30 days after the end of the calendar year; eliminating the requirements that the reports include information describing the educational and informational purpose of each Core Program aired during the current reporting period and each Core Program that the licensee expects to air during the next reporting period; eliminating the requirement to identify the program guide publishers who were sent information regarding the licensee's Core Programs; and streamlining the form by eliminating certain fields. The *Report and Order* also eliminates the requirement to publicize the Children's Television Programming Reports. The *Report and Order* directs the Media Bureau to make modifications to FCC Form 2100, Schedule H as needed to conform the form with the revisions to the children's programming rules, including the changes to the processing guidelines and preemption policies.

SUPPLEMENTARY INFORMATION:

Proposed Information Collection Activities

Under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501-3520, federal agencies must get OMB approval for each collection of information they conduct, sponsor, or require. "Collection of information" means agency requests or requirements to submit reports, keep records, or provide information to a third party. 44 U.S.C. 3502(3); 5 CFR 1320.3(c). As required by section 3506(c)(2)(A) of the PRA, the FTC is providing this opportunity for public comment before requesting that OMB extend the FTC's existing PRA clearance for the information collection requirements associated with the Commission's Rule Governing Pre-sale Availability of Written Warranty Terms, (the Pre-sale Availability Rule), 16 CFR 702 (OMB Control Number 3084-0112).

The Pre-sale Availability Rule, 16 CFR 702, is one of three rules¹ that the FTC issued as required by the Magnuson Moss Warranty Act, 15 U.S.C. 2301 *et seq.* (Warranty Act or Act).² The Pre-sale Availability Rule requires sellers and warrantors to make the text of any written warranty on a consumer product costing more than \$15 available to the consumer before sale. Among other things, the Rule requires sellers to make the text of the warranty readily available either by (1) displaying it in close proximity to the product or (2) furnishing it on request and posting signs in prominent locations advising consumers that the warranty is available. The Rule requires warrantors to provide materials to enable sellers to comply with the Rule's requirements and also sets out the methods by which warranty information can be made available before the sale if the product is sold through catalogs, mail order, or door to door sales. In addition, in 2016, the FTC revised the Rule to allow warrantors to post warranty terms on internet websites if they also provide a non-internet based method for

¹ The other two rules relate to the information that must appear in a written warranty on a consumer product costing more than \$15 if a warranty is offered and minimum standards for informal dispute settlement mechanisms that are incorporated into a written warranty.
