

For the implementation studies, the research team will collect data from program staff to assess program implementation. Information will be collected in consistent ways across sites and, to the extent feasible, will use the same measures and data collection procedures. Data collected from program staff during the study will include the following: (1) Site visit data including staff interviews, (2) interviews with case managers as part of the

participant case studies mentioned above, and (3) program staff surveys. These data will be used to measure program implementation and fidelity, factors affecting service delivery, program staff characteristics, and staff time allocation. All impact study sites will include an implementation study. In addition, there will be several descriptive studies of other sites that use some of the implementation instruments to better understand

programs serving clients with opioid use and other substance abuse disorders.

Future information collection requests and related **Federal Register** Notices will describe future data collection efforts for this project.

Respondents: Participants enrolled in the study, program staff, national policy experts and researchers, and state and local administrators.

Proposed Information Collection Activity; Sexual Risk Avoidance Education Program (SRAE) Performance Analysis Study (PAS) (New Collection)

AGENCY: Office of Planning, Research and Evaluation; Administration for Children and Families; HHS.

ACTION: Request for Public Comment.

SUMMARY: The Office of Planning, Research, and Evaluation and the Family and Youth Services Bureau in the Administration for Children and Families (ACF) propose data collection activity as part of the Sexual Risk Avoidance Education (SRAE) Program Performance Analysis Study (PAS). The goal of the study is to collect, analyze and report on performance measures data for the Sexual Risk Avoidance Education Program.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995,

the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. Email address: *OPREinfocollection@acf.hhs.gov*. All requests should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The purpose of the SRAE program is to educate youth on “how to voluntarily refrain from non-marital sexual activity and prevent other youth risk behaviors.” Data will be used to determine if the SRAE grantees are meeting performance benchmarks related to their program’s mission and priorities.

Respondents: Departmental (DSRAE), State (SSRAE), and Competitive (CSRAE) grantees, their subawardees, and program participants.

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Annual Report/ACF 204 (State MOE)—1 collection.

OMB No.: 0970-0248.

Description: The Administration for Children and Families (ACF) is requesting a three-year extension of the ACF-204 (Annual MOE Report). The report is used to collect descriptive program characteristics information on the programs operated by States and Territories in association with their Temporary Assistance for Needy Families (TANF) programs. All State and Territory expenditures claimed toward States and Territories MOE requirements must be appropriate, *i.e.*, meet all applicable MOE requirements.

The Annual MOE Report provides the ability to learn about and to monitor the nature of State and Territory expenditures used to meet States and Territories MOE requirements, and it is an important source of information about the different ways that States and Territories are using their resources to help families attain and maintain self-sufficiency. In addition, the report is used to obtain State and Territory program characteristics for ACF's annual report to Congress, and the report serves as a useful resource to use in Congressional hearings about how TANF programs are evolving, in assessing State the Territory MOE expenditures, and in assessing the need for legislative changes.

Respondents: The 50 States of the United States, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.
