

proposed changes to the FB Prepayment Program may increase both inter-market and intra-market competition by incenting participants to direct their orders to the Exchange, which would enhance the quality of quoting and may increase the volume of contracts traded on the Exchange. To the extent that there is an additional competitive burden on non-Exchange participants, the Exchange believes that this is appropriate because the proposal should incent market participants to direct additional order flow to the Exchange, and thus provide additional liquidity that enhances the quality of its markets and increases the volume of contracts traded here. To the extent that this purpose is achieved, all of the Exchange's market participants should benefit from the improved market liquidity. Enhanced market quality and increased transaction volume that results from the anticipated increase in order flow directed to the Exchange would benefit all market participants and improve competition on the Exchange.

Given the robust competition for volume among options markets, many of which offer the same products, implementing programs to attract order flow, such as the proposed changes to the FB Prepayment Program, are consistent with the above-mentioned goals of the Act.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

fee, or other charge imposed by the Exchange.

December 26, 2018.

On July 9, 2018, Nasdaq BX, Inc. Section 19(b)(2) of the Act⁷ provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may, however, extend the period for issuing an order approving or disapproving the proposed rule change by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on July 26, 2018.⁸ January 22, 2019 is 180 days from that date, and March 23, 2019 is 240 days from that date. [Release No. 34-84952; File No. SR-BX-2018-067]

Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Chapter VI, Section 5

December 26, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 21, 2018, Nasdaq BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter VI, Section 5 (Minimum Increments),³ to extend through June 30, 2019 or the date of permanent approval, if earlier, the Penny Pilot Program in options classes in certain issues (“Penny Pilot” or “Pilot”), and to change the date when delisted classes may be replaced in the Penny Pilot. The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqbx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

³ References herein to Chapter and Series refer to rules of the BX Options Market (“BX Options”), unless otherwise noted.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend Chapter VI, Section 5, to extend the Penny Pilot through June 30, 2019 or the date of permanent approval, if earlier,⁴ and to change the date when delisted classes may be replaced in the Penny Pilot. The Exchange believes that extending the Penny Pilot will allow for further analysis of the Penny Pilot and a determination of how the program should be structured in the future.

Under the Penny Pilot, the minimum price variation for all participating options classes, except for the Nasdaq-100 Index Tracking Stock (“QQQQ”), the SPDR S&P 500 Exchange Traded Fund (“SPY”) and the iShares Russell 2000 Index Fund (“IWM”), is \$0.01 for all quotations in options series that are quoted at less than \$3 per contract and \$0.05 for all quotations in options series that are quoted at \$3 per contract or greater. QQQQ, SPY and IWM are quoted in \$0.01 increments for all options series. The Penny Pilot is currently scheduled to expire on December 31, 2018.⁵

The Exchange proposes to extend the time period of the Penny Pilot through June 30, 2019 or the date of permanent approval, if earlier, and to provide a revised date for adding replacement issues to the Penny Pilot. The Exchange proposes that any Penny Pilot Program issues that have been delisted may be replaced on the second trading day following January 1, 2019. The replacement issues will be selected based on trading activity in the previous six months.⁶

This filing does not propose any substantive changes to the Penny Pilot Program; all classes currently participating in the Penny Pilot will

⁶ The replacement issues will be announced to the Exchange’s membership via an Options Trader Alert (OTA) posted on the Exchange’s website. Penny Pilot replacement issues will be selected based on trading activity in the previous six months, as is the case today. The replacement issues would be identified based on The Options Clearing Corporation’s trading volume data. For example, for the January replacement, trading volume from June 1, 2018 through November 30, 2018 would be analyzed. The month immediately preceding the replacement issues’ addition to the Pilot (*i.e.*, December) would not be used for purposes of the six-month analysis.
