Safety Zone; Containment Installation, South of New Orleans, LA, Gulf of Mexico

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary moving safety zone around the vessels OCEAN PATRIOT and ROSS CANDIES

operating in the Mississippi Canyon Block 20 in the Gulf of Mexico. The safety zone encompasses all navigable waters within a 500-yard radius of the vessels. The safety zone is needed to protect persons, vessels, and the marine environment from hazards associated with the vessels' limited maneuverability during installation of a containment system. Persons and vessels are prohibited from entering or remaining in this zone unless specifically authorized by the Captain of the Port Sector New Orleans or a designated representative.

DATES: This rule is effective from 6 a.m. on February 14, 2019, through 8 p.m. on March 14, 2019.

NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We must establish this safety zone by February 14, 2019, and we lack sufficient time to provide a reasonable comment period and then

consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because the safety zone is necessary to respond to potential hazards associated with sub-surface containment installation.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector New Orleans (COTP) has determined that a temporary moving safety zone is necessary to provide for the safety of persons, vessels, and the marine environment during sub-surface containment installation operations in the vicinity of the Mississippi Canyon Block 20. Potential hazards include risk of injury or pollution if normal vessel traffic were to interfere with the vessel's movement or deployed equipment. The containment installations are scheduled to take place from 6 a.m. on February 14, 2019, through 8 p.m. on March 14, 2019, in the navigable waters of the Mississippi Canyon Block 20, South of New Orleans, LA, in the Gulf of Mexico. This rule is needed to protect persons, vessels, and the marine environment from hazards associated with the vessels' limited maneuverability during deployment of underwater equipment and containment installation.

IV. Discussion of the Rule

This rule establishes a temporary moving safety zone from 6 a.m. on February 14, 2019 through 8 p.m. on March 14, 2019. The safety zone will cover all navigable waters within 500 yards of the vessels, OCEAN PATRIOT and ROSS CANDIES, and equipment being used by personnel to conduct sub-surface containment installation in Mississippi Canyon Block 20, South of New Orleans, LA, in the Gulf of Mexico. The duration of the zone is intended to protect persons, vessels, and the marine environment on these navigable waters while installation is being conducted. No vessel or person will be permitted to enter or remain in the safety zone without obtaining permission from the COTP or a designated representative. The COTP or designated representative may be contacted on VHF-FM Channel 16 or 67 or by telephone at (504) 365-2200. Persons and vessels permitted to enter this safety zone must transit at their slowest safe speed and comply with all lawful directions issued by the COTP or the designated representative.

The COTP or a designated representative will inform the public of the enforcement times and date for this safety zone through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs), as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-year of the safety zone. This safety zone will restrict vessel traffic from entering or remaining within a 500-yard area around vessels OCEAN PATRIOT and ROSS CANDIES for approximately thirty days while these vessels conduct sub-surface containment installation activities in Mississippi Canyon Block 20. Other vessels can safely transit around the zone, which impacts a small area of the Gulf of Mexico. Moreover, the Coast Guard will issue BNMs via VHF-FM marine channel 16 about the zone, and the rule allows vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a

significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes,

or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting approximately 30 days that will prohibit entry within 500 yards of the vessels being used for sub-surface containment installation. It is categorically excluded from further review under paragraph L(60)a of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration supporting this determination will be made available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
