SUPPLEMENTARY INFORMATION:

Background

On February 12, 2019, the FAA published an NPRM entitled, “Update to Investigative and Enforcement Procedures” (84 FR 3614).

In that NPRM the FAA proposed to amend its regulations to the procedural rules governing Federal Aviation Administration investigations and enforcement actions. The proposed revisions include updates to statutory and regulatory references, updates to agency organizational structure, elimination of inconsistencies, clarification of ambiguity, increases in efficiency, and improved readability.

In the NPRM, the incorrect attorney is listed as the contact person for subpart G and another attorney was not identified as additional contact person for subpart G. The footnote discussing the proposed changes to 14 CFR 13.1 incorrectly identifies a FAA Order. This document corrects these errors to accurately reflect the contact information for questions concerning 14 CFR part 13, subpart G and the FAA Order referenced.

Correction

In FR Doc. 2019-00771, Vol. 84, No. 29, beginning on page 3614 in the **Federal Register** of February 12, 2019, make the following corrections:

1. On page 3614, in the second column, in the first paragraph under **FOR FURTHER INFORMATION CONTACT** correct “For questions concerning this action regarding 14 CFR part 13, subpart D, contact John A. Dietrich” to read “For questions concerning this action regarding 14 CFR part 13, subpart D and G, contact John A. Dietrich” and correct “For questions concerning this action regarding 14 CFR part 13, subpart G, contact Vicki S. Leemon, Office of the Chief Counsel, Office of Adjudication, AGC-70, 800 Independence Avenue SW, Washington, DC 20591; telephone

2. On Page 3617, in the first column, in the footnotes, correct “FAA Order 1150.154A” to read FAA Order 1100.154A”.

Special Local Regulation; Choptank River, Cambridge, MD

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish special local regulations for certain waters of the Choptank River. This action is necessary to provide for the safety of life on these navigable waters located at Cambridge, MD, during a high-speed power boat racing event on July 27, 2019, and July 28, 2019. This proposed rulemaking would prohibit persons and vessels from being in the regulated area unless authorized by the Captain of the Port Maryland-National Capital Region or Coast Guard Patrol Commander. We invite your comments on this proposed rulemaking. **DATES:** Comments and related material must be received by the Coast Guard on or before April 17, 2019.

II. Background, Purpose, and Legal Basis

On February 10, 2019, the Kent Narrows Racing Association of Chester, MD, notified the Coast Guard that it will be conducting the Thunder on the Choptank from 10 a.m. to 6 p.m. on July 27, 2019, and from 10 a.m. to 6 p.m. on July 28, 2019. The high-speed power boat racing event consists of approximately 60 participating inboard and outboard hydroplane and runabout race boats of various classes, 10 to 20 feet in length. The vessels will be competing on a designated, marked 1-mile oval course located in the Choptank River in a cove located between Hambrooks Bar and the shoreline at Cambridge, MD. Hazards from the power boat racing event include risks of injury or death resulting from near or actual contact among participant vessels and spectator vessels or waterway users if normal vessel traffic were to interfere with the event. Additionally, such hazards include participants operating near designated navigation channels, as well as operating near approaches to local public boat ramps, private marinas and yacht clubs, and waterfront businesses. The COTP Maryland-National Capital Region has determined that potential hazards associated with the power boat races would be a safety concern for anyone intending to operate within certain waters of the Choptank River at Cambridge, MD.

The purpose of this rulemaking is to protect event participants, spectators, and transiting vessels on certain waters of Choptank River before, during, and after the scheduled event. The Coast Guard proposes this rulemaking under authority in 46 U.S.C. 70041, which authorizes the Coast Guard to establish and define special local regulations.

III. Discussion of Proposed Rule

The COTP Maryland-National Capital Region is proposing to establish special local regulations to be enforced from 9:30 a.m. to 6:30 p.m. on July 27, 2019,

and from 9:30 a.m. to 6:30 on July 28, 2019. The regulated area would cover all navigable waters within Hambrooks Bay and Choptank River west and south of a line commencing at the shoreline, at latitude 38°35'00" N longitude 076°04'43" W, thence east to latitude 38°35'00" N longitude 076°04'23.7" W, thence north to latitude 38°35'22.7" N, longitude 076°04'23.7" W, thence northwest to latitude 38°35'42.2" N, longitude 076°04'51.1" W at Hambrooks Bar Light LLNR 24995, thence southwest to latitude 38°35'34.2" N, longitude 076°05'12.3" W, terminating at the Hambrooks Bay breakwall as it intersects the shoreline.

This proposed rule provides additional information about areas within the regulated area, and the restrictions that apply to mariners. These areas include a "Race Area", "Buffer Zone" and "Spectator Area".

The proposed duration of the rule and size of the regulated area are intended to ensure the safety of life on these navigable waters before, during, and after the high-speed power boat races, scheduled from 10 a.m. until 6 p.m. on July 27, 2019, and July 28, 2019. The COTP and Coast Guard Patrol Commander (PATCOM) would have authority to forbid and control the movement of all vessels and persons, including event participants, in the regulated area. When hailed or signaled by an official patrol, a vessel or person in the regulated area would be required to immediately comply with the directions given by the COTP or PATCOM. If a person or vessel fails to follow such directions, the Coast Guard may expel them from the area, issue them a citation for failure to comply, or both.

Except for Thunder on the Choptank participants and vessels already at berth, a vessel or person would be required to get permission from the COTP or PATCOM before entering the regulated area while the rule is being enforced. Vessel operators could request permission to enter and transit through the regulated area by contacting the PATCOM on VHF-FM channel 16. Vessel traffic would be able to safely transit the regulated area once the PATCOM deems it safe to do so. A person or vessel not registered with the event sponsor as a participant or assigned as official patrols would be considered a spectator. Official Patrols are any vessel assigned or approved by the Commander, Coast Guard Sector Maryland-National Capital Region with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

If permission is granted by the COTP or PATCOM, a person or vessel would be allowed to enter the regulated area or pass directly through the regulated area as instructed. Vessels would be required to operate at a safe speed that minimizes wake while within the regulated area. Official patrol vessels will direct spectator vessels while within the regulated area. Vessels would be prohibited from loitering within the navigable channel. Only participant vessels and official patrol vessels would be allowed to enter the race area.

The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, duration and time of year of the racing event, which would impact a small designated area of the Choptank River for 18 total enforcement hours. The Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the status of the special local regulation. Moreover, the rule would allow vessels to seek permission to enter the regulated area, and vessel traffic would be able to safely transit the regulated area once the PATCOM deems it safe to do so.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their

fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the regulated area may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and

Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves implementation of regulations within 33 CFR part 100 applicable to organized marine events on the navigable waters of the United States that could negatively impact the safety of waterway users and shore side activities in the event area lasting for 33 hours. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary special local regulation in the navigable waters of San Francisco Bay in San Francisco, CA in support of the San Francisco Sail Grand Prix 2019 race periods on May 4, 2019 and May 5, 2019. This special local regulation is necessary to ensure the safety of mariners transiting the area from the dangers associated with high-speed sailing activities associated with the Sail Grand Prix 2019 race event. This proposed temporary special local regulation would temporarily restrict vessel traffic adjacent to the city of San Francisco waterfront in the vicinity of the Golden Gate Bridge and Alcatraz Island and prohibit vessels and persons not participating in the race event from entering the dedicated race area. We invite your comments on this proposed rulemaking.
